Radio Educational Programs

GUY J. KNOBLOCH, *Bursar*

OFFICERS OF INSTRUCTION

J. HENRI AMIEL, Ph.D., Associate Professor of Modern Foreign Languages; Chairman of the Department.

JOHN G. ARNOLD, JR., Ph.D., Professor of Biology; Chairman of the Departments of Biology and Medical Technology.

PAUL F. BAILEY, M.S., Associate Professor of Chemistry.

VICTOR H. BAKER, Certificate, Die Hochschule fur Welthandel (University of Vienna), Assistant Professor of German and Journalism.

REV. JOSEPH B. BASSICH, S.J., Ph.D., Professor of Education.

JOSEPH V. BOLOGNA, A.B., LL.B., Lecturer on Commercial Law.

ALFRED J. BONOMO, A.M., LL.M., LL.D., Professor of Speech; Director of Radio Educational Program.

ALFRED J. BONOMO, JR., A.B., LL.B., Lecturer on Commercial Law.

LUCILLE M. BOSTICK, A.M., Assistant Professor of Education.

ALLEN BOUDREAUX, B.S., Instructor in Finance.

LAWRENCE L. BOURGEOIS, A.M., Assistant Professor of Sociology.

*CARL G. BUCHMANN, A.B., LL.B., Lecturer on Commercial Law.

REV. MARTIN P. BURKE, S.J., Ph.D., S.T.D., Professor of Philosophy; Chairman of the Department.

REV. ERNEST J. BURRUS, S.J., A.M., Associate Professor of Latin, Greek and Education; Associate Dean.

REV. JOSEPH A. BUTT, S.J., A.M., D.D., Professor of Economics.

REV. PAUL L. CALLENS, S.J., A.M., Professor of Classical Languages; Chairman of the Department.

RUFUS CARIMI, B.S., C.P.A., Lecturer on Finance.

WILLIAM P. CARR, M.B.A., C.P.A., Associate Professor of Economics.

REV. CHARLES C. CHAPMAN, S.J., Ph.D., Professor of History and Political Science; Chairman of the Department.

JOHN V. CONNOR, Ph.D., Professor of Economics; Chairman of the Department.

JOSEPH COSTA, B.S.C., C.P.A., Lecturer on Finance.

*On leave.

REV. AUGUST D. COYLE, S.J., A.M., S.T.L., Instructor in Languages.

JOHN I. DASPIT, M.S., Assistant Professor of Physics and Mathematics.

LUCIEN C. DELERY, B.S., M.D., Instructor in Medical Technology.

*LEONARDO C. DEMORELOS, A.M., Instructor in Modern Foreign Languages.

CHARLES S. DITTMANN, JR., A.M., Instructor in Economics.

ARTHUR T. DONOHUE, Ph.D., Professor of Sociology;
Chairman of the Department.

TIMOTHY L. DUGGAN, M.S., Associate Professor of Medical Technology.

*GERALD J. EBERLE, Ph.D., Associate Professor of English.

FERDINAND H. FISHER, A.M., Assistant Professor of History and Political Science.

REV. GEORGE A. FRANCIS, S.J., Ph.D., Professor of Chemistry;
Chairman of the Department.

CATHERINE G. GOETZ, B.S. in M.T., M.T., M.S., Assistant Professor of Medical Technology.

HAROLD J. HECK, M.B.A., D.C.S., Professor of Economics.

WILLIAM J. HOLTON, A.M., Professor of Classical Languages.

MARK DANIEL HORNE, Ph.D., Associate Professor of English.

JAMES E. KALSHOVEN, A.M., Instructor in Journalism and English; Director of Loyola Maroon.

REV. TERENCE S. KING, S.J., A.M., Associate Professor of English.

JOHN L. KRON, B.S., M.D., University Physician.

REV. GUY J. LEMIEUX, S.J., A.M., Assistant Professor of Philosophy.

JAMES MCCAFFERTY, B.S., Instructor in Physical Education;
Assistant Director of Intramural and Intercollegiate Athletics.

REV. KARL A. MARING, S.J., Ph.D., S.T.D., Professor of Physics and Mathematics; Chairman of the Department; Director of the Seismograph Station; Faculty Chairman of Athletics.

*On leave.

EDMOND L. MERILH, M.S., Professor of Biology.

JULIAN G. MICHEL, A.M., Instructor in Modern Foreign Languages.

JOSÉ O. MONASTERIO, C.E., Mil.E., Professor of Mathematics; Director of the Division of Ibero-American Relations.

WALTER G. MOORE, Ph.D., Associate Professor of Biology.

REV. WILLIAM A. MULHERIN, S.J., A.M., Professor of Philosophy.

REV. EUGENE J. O'CONNOR, S.J., Ph.D., Professor of English; Chairman of the Department.

JOHN C. ORSLEY, A.M., Assistant Professor of Physical Education; Director of Intramural and Intercollegiate Athletics.

REV. ALVIN J. PILIE, S.J., A.B., Instructor in Latin.

REV. CHARLES J. QUIRK, S.J., A.M., Professor of English.

REV. SAMUEL H. RAY, S.J., A.M., S.T.D., Professor of Theology; Chairman of the Department; Student Counsellor.

JOHN D. SCHNEIDAU, JR., M.S., Instructor in Biology.

REV. EDWARD W. SHIELDS, S.J., A.M., S.T.L., Assistant Professor of Philosophy.

ISABEL SNYDER, A.M., Instructor in Spanish.

REV. LOUIS G. SONIAT, S.J., A.M., Associate Professor of Modern Foreign Languages.

REV. H. ALLAIN ST. PAUL, S.J., A.M., S.T.L., Associate Professor of History.

FLORENCE B. STROHMEYER, M.S., Assistant Professor of Chemistry.

LAWRENCE J. STROHMEYER, M.S., Assistant Professor of Physics and Mathematics.

REV. SIDNEY A. TONSMEIRE, S.J., A.M., Assistant Professor of Theology.

REV. JOHN A. TOOMEY, S.J., A.M., Associate Professor of Journalism and Sociology.

IVOR A. TRAPOLIN, B.S., Lecturer on Economics.

JOSEPH G. TREGLE, JR., A.M., Instructor in History.

PETER M. TULLIER, M.S., Instructor in Mathematics.

STEPHEN W. VASQUEZ, B.S.E., Instructor in Finance.

JANE P. WALSH, A.M., Instructor in Physical Education.

REV. JAMES F. WHELAN, S.J., Ph.D., Professor of Education; Chairman of the Department.

FACULTY COMMITTEES

- Committee on Admission and Classification:** Rev. A. W. Crandell, Chairman; Dr. J. G. Arnold, Dr. J. V. Connor, Miss C. V. Discon, Miss V. A. Ryan.
- Committee on Athletics:** Rev. K. A. Maring, Chairman; Rev. A. W. Crandell, Rev. L. F. Guterl, Mr. J. McCafferty, Mr. J. C. Orsley.
- Committee on Bulletins:** Rev. A. W. Crandell, Chairman; Rev. J. A. Butt, Dr. J. V. Connor, Miss C. V. Discon, Rev. L. F. Guterl.
- Committee on Discipline:** Rev. L. F. Guterl, Chairman; Dr. J. G. Arnold, Rev. M. P. Burke, Rev. G. J. Lemieux, Mr. J. C. Orsley.
- Committee on Educational Programs:** Rev. C. C. Chapman, Chairman; Dr. A. J. Bonomo, Rev. M. P. Burke, Mr. J. O. Monasterio, Rev. H. A. St. Paul, Rev. J. A. Toomey.
- Committee on Faculty Rank and Tenure:** Rev. A. W. Crandell, Chairman; Rev. J. B. Bassich, Rev. L. F. Guterl, Rev. K. A. Maring, Rev. J. F. Whelan.
- Committee on Pre-Medical Studies:** Dr. J. G. Arnold, Chairman; Mr. P. F. Bailey, Rev. K. A. Maring, Mr. E. L. Merilh, Dr. W. G. Moore.
- Committee on Student Debates:** Rev. G. J. Lemieux, Chairman; Dr. A. J. Bonomo, Rev. C. C. Chapman, Rev. L. F. Guterl, Rev. E. J. O'Connor.
- Committee on Student Dramatic Art:** Dr. A. J. Bonomo, Chairman; Rev. C. C. Chapman, Rev. L. F. Guterl, Rev. E. J. O'Connor, Rev. S. A. Tonsmeire.
- Committee on Student Publications:** Rev. J. A. Toomey, Chairman; Mr. J. E. Kalshoven, Rev. E. J. O'Connor, Rev. C. J. Quirk, Rev. S. A. Tonsmeire.
- Committee on Student Social Activities:** Rev. L. F. Guterl, Chairman; Rev. J. A. Butt, Rev. C. J. Quirk, Rev. S. H. Ray, Rev. H. A. St. Paul.
- Committee on Studies and Degrees:** Rev. A. W. Crandell, Chairman; Dr. J. H. Amiel, Dr. J. G. Arnold, Rev. M. P. Burke, Rev. P. L. Callens, Rev. C. C. Chapman, Dr. J. V. Connor, Dr. A. T. Donohue, Rev. G. A. Francis, Rev. K. A. Maring, Rev. E. J. O'Connor, Rev. J. F. Whelan.
- Committee on Testing:** Dr. G. J. Eberle, Chairman; Rev. J. B. Bassich, Mr. W. P. Carr, Dr. M. D. Horne, Rev. J. F. Whelan.
- Committee on Veterans' Guidance:** Dr. J. G. Arnold, Chairman; Dr. J. V. Connor, Mr. J. F. McCloskey, Rev. S. H. Ray.

GENERAL STATEMENT

History of the University The Jesuits came to New Orleans in 1847 with the purpose of establishing a college of Liberal Arts and Sciences. On February 1, 1849, the College of the Immaculate Conception, founded by them, began its remarkable career at the corner of Baronne and Common Streets. To it was attached a college preparatory academy. In 1904 the Jesuits opened an academy and a college on St. Charles Avenue opposite Audubon Park. These two associated institutions were known as Loyola College. In 1911 the College of the Immaculate Conception was united with Loyola College on the present Loyola campus. The Academy of the Immaculate Conception became the Jesuit High School. With it was united the preparatory school of Loyola College.

In response to a general demand from the public and an urgent request from His Excellency, Most Reverend James J. Blenk, then Archbishop of New Orleans, Loyola College was expanded into Loyola University in the fall of 1911. The University was authorized by the General Assembly of Louisiana in 1912 to grant all university degrees.

Loyola University of the South is but one of the many educational institutions conducted by the Jesuit Fathers in the United States and in many other countries. In the United States alone, the Jesuits conduct 62 educational institutions with a total enrollment of more than 68,000 students.

Jesuit System of Education Jesuit universities and colleges are unique in their characteristic educational methods. Theirs is a system of education based on the best traditions, the experience, and the research of the better educators in many countries through many centuries. The fundamentals of this system are embodied in a collection of pedagogical principles and practices known as the *Ratio Studiorum*.

This system is distinctive in its aim and objective as well as in its method of approach. Thoroughly convinced that religion is not an appendage to education, but a very vital part of the training of the student and of the subject-matter of his courses, the Jesuits always have held as the goal of education the blending of the supernatural with

the natural. Their purpose has been to produce a perfect man, seeking to develop his moral character as well as his mind, his soul as well as his body; believing that a true, cultured citizen of any state must be loyal to his God, his church, and his country.

As college life is the field in which youth with energy and initiative seeks to prepare itself for life's struggles, literature and science are studied in the light of an all-embracing philosophy which unifies knowledge and motivates action. The system is opposed to the pedagogical errors of undigested cramming, uncorrelated electives, over-specialization. The formation of habits of study, reading, and research, of quick thinking and exact expression is characteristic of their aim. Personal contact with the professors, whose example, taste, and experience are often a more potent factor of education than the professional lecture, is a vital part of the system.

Jesuit education prepares its students for eternity as well as for time; for life as well as for vocation.

The Need of College Education Today, the professions, the arts, the sciences, as well as business, look for a college education in their members. The mere specialist, the master of one skill or subject, does not make for progressive civilization and culture. Man as a social being must have a broad vision and wide experience. He must be familiar with many fields of thought and interest.

This rounded culture should be the fruit of college experience. Through selected courses, the investigating mind is led into the various fields of systematized knowledge. Correlation of these courses makes for unity and thoroughness, for mastery in one's chosen field without ignorance of the others, for a well-stored mind that has been trained to think for itself and has grown capable of working out problems that present themselves in school and in later life.

Besides, one learns poise and refined bearing, acquires prudence and good judgment, from daily contact with fellow students of talent and ambition. By this association with one's fellow men of the best type, defects are overcome, habitual attitudes are adopted and perfected, and character is molded.

Organization The College of Arts and Sciences at present conducts the following departments: Biology, Chemistry, Classical Languages, Economics, Education and Physical Education, English and Speech, Journalism, History and Political Science, Medical Technology, Modern Foreign Languages, Philosophy, Physics and Mathematics, Religion, and Sociology. In these departments the College offers courses leading to the degrees of Bachelor of Arts, Bachelor of Philosophy, and Bachelor of Science. It also conducts pre-professional courses that qualify students for entrance into the professional schools of Dentistry, Law, and Medicine.

Classical Studies It is one of the regrettable results of the present unrest in the educational world, where the forces arrayed to give vocational training, mechanical development, wage-earning skill, and physical culture are clashing with the traditional classical methods, that the cultural and academic subjects have lost much of their former prestige. No other curriculum has been found to provide the comprehensive training of mind, heart, and will as surely and as efficiently as did the classical studies when they flourished in a golden age as the cause and the fruit of erudition, scholarship, and refinement.

Modern Sciences It is a grievous error to believe that the lovers of literature and art must be enemies of science and invention. The history of science shows plainly how the great scientific discoveries came out of the institutions hallowed for their classical learning. Until recent times all scientific information and the disputes and inventions of scientists found their way to the public through the Latin tongue.

Ample facilities are offered in the College of Arts and Sciences to the lover of natural science. Large, fully equipped laboratories for general and specialized chemistry, biology, medical technology, and physics are provided. Consecutive courses covering four years of intensive study lead to the degree of Bachelor of Science.

Commerce and Finance As college graduates frequently choose careers in the business world, a specialized curriculum in the subjects of commerce and finance is offered. Efforts are made to prepare young men for important positions in the various types of industrial and financial administration. After

four years of intensive study one may earn the degree of Bachelor of Science.

Bequests and Gifts Because of its rapid growth the University must look to its friends and benefactors, and to all those whose bounty is being devoted to the cause of higher education, for the generous contributions which will enable the University to continue its building program. The University hopes for a continuance of financial as well as moral support from those who believe in placing college education within the reach of every deserving student, and who consider that education the safest and best which postulates as the foundation of its intellectual development the formation of character through moral and religious education.

The University cherishes the memory of all its benefactors, great and small. These share in the good works and prayers of the Jesuits of Loyola. Their generous assistance to the University, according to their means, will be remembered long after they are gone.

Among the distinguished benefactors of the University should be mentioned: Miss Sarah Babb, Mr. and Mrs. E. J. Bobet, Mrs. Paul Bordenave, Hon. Joseph A. Breau, Mr. Joseph P. Buckley, Mr. and Mrs. Wm. P. Burke, Miss Leonora Del Bondio, Mr. Lawrence Fabacher, Mr. Edward Fassmann, Miss Mary Ferguson, Mr. Bernard Ghio, K. of St. G., Mr. G. R. Katz, Miss Mary Agnes McCabe, Miss Katherine McDermott, Mrs. J. B. Palmer, Mrs. Emma P. Quintero, Mrs. Louise Jouet Rabouin, Mrs. Olive Stallings, Mrs. George Swarbrick, Mrs. S. O. Thomas, Mr. and Mrs. W. J. Vincent, Miss Lilly Whitaker.

Those who are desirous of helping Loyola University in its sublime mission of higher education by erecting buildings as family memorials, or by endowing departments or lecture-chairs in any of its schools or colleges, are requested to make their donations, legacies and bequests in the proper legal form, as shown on page 83 of this Bulletin. One may specify the purpose for which the gift is to be used. This intention will be observed scrupulously. It is well to state whether the sum is for building and equipment or for endowment, as the latter must be invested and only the accruing interest may be used.

Scholarships Through the generosity of friends, the College is able to offer a limited number of scholarships each year to bright and ambitious young men of fine moral character. The College is very happy to be able to assist these splendid young men in getting a higher education which will prepare them for outstanding citizenship. The President and faculty of the College are deeply grateful to their friends who with noble Christian spirit have extended a helping hand to the less fortunate. It is earnestly hoped that others will help to increase our scholarship fund for the benefit of deserving young men.

A Perpetual Scholarship is founded when an endowment of \$7,000.00 is set aside for this purpose.

A Course Scholarship represents an amount which will cover the tuition of one student during his four years of college. The sum of \$800.00 may be deposited or \$200.00 may be paid annually.

An Annual Scholarship is provided by the yearly donation of \$200.00.

Scholarships cover the tuition fee only. The holder of the scholarship must pay the other fees at the beginning of the year, and he must at all times set an example of good conduct and serious application. The honor will be forfeited by any holder of a scholarship whose grades during a semester are unsatisfactory. Scholarships granted in the College of Arts and Sciences cannot be transferred to any other school or college of the University.

The following are scholarships which have been placed at the disposal of the University:

The W. P. Burke Scholarships (three).

The Rev. Francis X. Twellmeyer, S.J., Scholarship.

The Rev. A. E. Otis, S.J., Scholarship.

The Rev. Albert J. Biever, S.J., Scholarship.

The Louisiana State Councils of K. C. Scholarships (seven).

The St. Ignatius Scholarship, founded by Miss E. S. Fitch.

The St. Ignatius of Loyola Scholarship.

The Men's Sodality of Jesuits' Church Scholarship.

The Francis Xavier Wegmann Scholarship.

The Virginia Bobet Scholarship.

The Louise Thomas Scholarship.

The Albert J. B. Lapeyre Memorial Scholarship.

The Ladies' Marquette Auxiliary Scholarships (two).

The Mrs. Josephine Burke Palmer Scholarships (two).

The Hon. Joseph A. Breaux Scholarships (ten).

The Joseph A. Lipari Scholarships (three).

The Louise Jouet Rabouin Scholarships (two).

The G. R. Katz Scholarships (two).

Sodality of the Blessed Virgin Mary For the purpose of fostering religious faith and fervor, and to encourage the students to spiritual and scholastic leadership, the University Sodality offers many opportunities for personal development as well as training and practice in social work and religious activity. Weekly meetings are held for the discussion of phases of Catholic life.

Student Council The Student Council consists of eighteen members, representing the College of Arts and Sciences, the Schools of Law and Dentistry, and the Colleges of Pharmacy and Music. These students are selected by the student body with the approval of the faculty. The duty of the Council is to unify student thought and action. It conducts general meetings and elections, sponsors and manages interclass contests, contributes to the student publications, and leads and directs student activities.

The Philosophy Club The function of the Philosophy Club is to promote greater active interest in scholastic philosophy by more intensive study, lectures, and public disputations.

Language Clubs To foster a deeper appreciation of the finer literature of modern foreign languages, French, German and Spanish clubs are conducted for those more advanced students who qualify for membership.

Scientific Societies The Biology, Chemistry, Physics, and Mathematics Societies meet regularly for the discussion of special problems and for special lectures on scientific subjects. The students of the College of Arts and Sciences are eligible for membership subject to the respective special requirements for admission to each society.

Debating Clubs The students are encouraged to participate in exercises of public speaking. To further this activity two debating clubs conduct programs and engage

in intercollegiate debates with other universities in various sections of the country. These two clubs are known respectively as The Edward Douglass White Society and The Chief Justice Charles A. O'Neill Society.

Dramatic Clubs The purpose of the dramatic clubs is to develop and give an outlet to the dramatic talent of the students. With this object in view, several plays are given during the year.

Pegasus Poetry Society has as its purpose to further interest in poetry, to sponsor symposia and to study poetical works in general.

The Academy of Fine Arts aims to give its members more contact with art and to offer students the opportunity to acquire an esthetic appreciation of the great masters in painting, sculpture, architecture, and music.

Glee Club Students of the College of Arts and Sciences are eligible for membership in the Loyola Glee Club. The Glee Club takes an active part in the public entertainments and assemblies of the University.

University Band Membership in the University Band is open to the students of the College of Arts and Sciences if they have the required ability and training. All who become members are required to be regular and prompt in attendance at the appointed rehearsals and at all performances.

Student Publications The students of the University, under faculty supervision, issue three publications: The Maroon, a weekly; the Wolf, an annual, and the Students' Handbook. The editors are appointed by the committee on Student Publications, and the editorial staffs are appointed by the editors. The business management is in the hands of the students.

Honorary Scholastic Fraternities In order to give recognition and encouragement to high standards of scholarship among the students, several honorary scholastic fraternities have been established on the campus.

Delta Epsilon Sigma is a national scholastic honor society for students and graduates of Catholic colleges and universities. Members are chosen from the College of Arts

and Sciences only, on a basis of good character, liberal culture, and high scholarship. Candidates must have at least a "B" rating throughout their four years.

Alpha Sigma Nu is a national scholastic honor society for male students of Jesuit colleges and universities. The two highest ranking students in each school or college of the University are nominated for membership each year, and the final selection of members is made from their number.

Sigma Lambda Epsilon is an honorary scholastic fraternity for students majoring in Accounting. Members must have at least a "B" average in Accounting.

ENTRANCE PROCEDURE

Application For Admission Applicants for admission to the Freshman class must meet the requirements stated below under Methods of Admission. The specific units of credit that are required and other units that may be presented for admission to the Freshman class are listed under Admission Requirements.

Application for admission accompanied by proper credentials shall be filed with the Registrar at least two weeks in advance of the date of registration. Applicants for admission as Freshmen, or with advanced standing, must submit official records from all schools and colleges previously attended. These credentials are to be sent directly by the proper officer of the school or college in which they were earned and not through the student. Credentials which are submitted for admission become the property of the University, even in the case of applicants to whom admission is denied, and are kept permanently on file. Blank forms for transcripts of records may be had on application to the Registrar.

It is recommended that applicants have their credentials sent to the Registrar immediately after graduation from high school. This will enable the Committee on Admissions to pass on their eligibility and to inform them of any deficiencies that may be made up in the summer session.

The University reserves the right to refuse admission to applicants whose previous work is of such a grade as to create doubt regarding their ability to pursue successfully their scholastic work in the University.

All students are expected to be matriculated before the beginning of the session's classes, thus allowing them ample time to be assigned to classes and to be provided with laboratory equipment.

Students should be present on the opening day of classes. They will not be admitted under any circumstances after the first ten class days. Freshmen must be present on the opening day of Freshman Orientation Week.

Methods of Admission *I. As a Regular Student*—Admission as a *matriculated student to the College of Arts and Sciences may be obtained by one of the following methods: (1) by certificate or diploma of graduation from an approved high school; (2) by examination; (3) by transfer from another institution of higher education.

Admission by Certificate—Admission without examination is granted to students who have graduated with a minimum of fifteen acceptable units and in the upper two-thirds of their class from any high school accredited by a recognized standardizing agency, or by the State Board of Education, or by the State University of the State in which the high school is situated. The application for admission must be accompanied by a certificate from the high school showing the quantity and quality of work accomplished by the applicant and giving information about his personality, character, and health.

Admission by Examination—An applicant who is not entitled to enter by certificate, as stated above, must take entrance examinations in the following subjects: English, history, foreign language, mathematics, and science. These examinations are held in September. Applications for these examinations should be made to the Registrar of the University at least two weeks in advance of the opening date.

Admission to Advanced Standing—Advanced standing will be given, at the discretion of the Committee on Admission and Classification, to an applicant who has fulfilled the high school requirements for admission and in addition presents a transcript of college credits certified by the proper official of the college or university attended showing all the scholastic work done in that institution and in all other institutions of collegiate rank previously attended, and giving

*A matriculated student is one who has fulfilled all entrance requirements, paid all fees that are due, and is pursuing regular courses leading to a degree.

the student honorable dismissal. Credits presented from a non-accredited institution will be accepted rarely, at the discretion of the Committee on Admission and Classification, and only if the student has made satisfactory grades in his first semester's work at Loyola University College of Arts and Sciences. No transfer student will be accepted unless he has attained a "C" average for all hours attempted during the preceding year at the college from which he transfers, and no faculty action has been taken against him. Credits presented for work done by correspondence will never be accepted. Students applying for advanced standing should have all the required credentials sent to the Registrar of the University at least two weeks in advance of their registration.

II. As a Special Student—A limited number of mature persons who are not eligible for admission into the University by certificate may be admitted as special students under the following conditions: (1) they must be at least twenty-one years of age; (2) they must not have been in attendance in high school during the previous year; (3) they are to present all available certified credits of previous school work, together with formal application for admission as special students, stating the subject courses desired and the reasons for desiring those courses. When no certified credits can be presented, the applicant must furnish a detailed statement of all previous educational work and practical experience.

By virtue of his classification, a special student is not eligible for any degree. He may ultimately become a candidate for a degree by completing by entrance examinations the admission requirements of the department in which he wishes to register.

Registration as a special student is for one semester only. Registration for a following semester will be refused if the student has not shown satisfactory earnestness and definiteness of purpose, or if his work has not been satisfactory in the preceding semester. No one may register in the University as a special student for more than two years.

III. As an Out-of-Course Student—A limited number of earnest students of mature years who, though fully qualified for admission to the College as regular students, do not wish to register as candidates for a degree, but merely want to

pursue particular studies for cultural purposes, may be permitted to register as out-of-course students, provided they have obtained the recommendation of the Chairman of the Department in which they wish to register, and the written permission of the Dean. Such recommendation and permission will not be given to applicants who are not evidently qualified to pursue profitably the desired courses.

An out-of-course student may not establish any credits toward the fulfillment of requirements for a degree unless he changes his academic status to that of a regular student. Out-of-course students are not permitted to continue their studies in the College beyond four semesters. At the beginning of each semester they must make written application to the Dean for the privilege of registering for that semester. This privilege will be granted only to those applicants who have shown, during the preceding semester, a satisfactory definiteness and earnestness of purpose.

Admission For admission to the College of Arts and **Requirements** Sciences at least fifteen acceptable high school units are required. In general, these units should show several sequences of subject-matter adapted to the course to which admission is sought. The student seeking admission must be in the upper two thirds of his class.

1. All students must present the following units.

	Units
English	4
History, Civics	2
Algebra	1
Plane Geometry	1
*Latin or Modern Foreign Language	2
Biology, Chemistry, Physics	1

2. In general, only three units will be accepted from the following group, but students who register for the Bachelor of Science degree with economics as a field of concentration may present commercial or vocational subjects up to five units.

	Units		Units
Bookkeeping	1	Economics	$\frac{1}{2}$ - 1
Commercial Law	$\frac{1}{2}$ - 1	Music	1
Commercial Geography	1	Shop Work	1
Drawing—Mechanical	1	Stenography	$\frac{1}{2}$
Drawing—Freehand	1	Typewriting	$\frac{1}{2}$

*These units may be waived and supplied by scheduling Elementary Language Courses in College.

3. A student may not register for a subject course which presupposes specific high school preparation, unless he has completed such preparation. Any deficiency in such preparation will make it necessary for him to take those basic courses which the University judges advisable. Credit for that work may or may not be allowed, according to the circumstances of the case.

Student The basic fee is \$130.00 per semester. A matriculation fee of \$5.00 is charged at the time of a student's first registration in the College of Arts and Sciences. **Expenses** Additional fees are: \$12.50 per semester for each science laboratory course; \$10.00 for Education 350 (Directed Observation and Teaching); \$5.00 for Expression 211; \$5.00 for Expression 212; \$10.00 for Expression 214; \$5.00 per semester for Finance 321-322 (laboratory fee).

The fees are paid in two installments in each semester—the first on the date of registration, the second at mid-semester. Until a student's indebtedness is paid in full, no transcript of credits or record of his work will be released from the University. Auditors are charged on the same basis as part-time students.

Students will be taxed for excessive breakage or destruction of University property. The decision covering each case will be made by the University.

A fee of \$2.00 is charged for each entrance examination, also for late registration.

A fee of \$1.00 is charged for a second transcript of credits, also for each subsequent transcript.

Each student may rent an individual locker for \$2.00 a year.

The graduation fee is \$15.00, payable on May 1. Each Senior is required to make a deposit of \$20.00 on the date of registration in September for his use of the academic cap and gown during the year. This deposit will be refunded after his graduation, provided he returns the cap and gown in good condition.

If a student withdraws from the University within ten days after a payment is due, he will be refunded the full amount of his payment for that period less \$10.00. No other refunds will be made except to the student who has paid a science laboratory fee and with permission of the Dean withdraws from that laboratory science course within ten

days after registration. He will be refunded the full amount that he has paid for the course. Concerning refunds payable to students called to the armed services, Cf. page 24 "Withdrawal."

Student Housing The University maintains a limited number of rooming houses for the convenience of male students wishing to use these facilities. Students may board and lodge only at rooming houses approved by the University authorities. Names and locations of such approved and inspected houses will be furnished by the Assistant Dean. Ordinarily, room and board at these houses ranges from \$35.00 to \$45.00 per month.

ADMINISTRATIVE PROCEDURE

Instruction The unit of instruction is one hour a week for one semester. Two hours of work in a laboratory are considered equivalent to one hour of class work. Students may receive credit only for the number of hours published for a course. No credit will be allowed for a course for which a student is not registered as a regular student.

A student is required to take a minimum of twelve semester hours of work each semester. Upper division students may not elect Freshman courses except as provided in the regulations for combined courses.

Attendance as auditors is not granted without written permission of the Dean.

Withdrawal A student who withdraws from the University during a semester before taking the final examinations of the semester forfeits all credit for work done in that semester. In the case of a student who is called to active duty in any branch of the armed services after the date for the beginning of the mid-semester examinations and before the date for the final examinations in the semester, the following exceptions to the above general rule have been made:

1. Such a student may take the mid-semester examinations and upon successful completion of these examinations will be granted credit for one-half of the semester hours scheduled in that semester. No charges will be made for the second half of the semester.

2. Such a student may request examinations covering the whole of the subject-matter scheduled for that semester,

including the portion not yet covered in classes, and upon successful completion of such examinations will be granted full credit for that semester. Tuition and fees for the second half of the semester will be charged, but attendance at classes will be waived.

3. Such a student, if he is in the last semester of his senior year, will be given full credit for all courses carried by him in that semester upon successful completion of the mid-semester examinations. These examinations will not include the matter to be covered in the second half of the semester. He will be graduated *in absentia* at the end of the semester, provided he has fulfilled all requirements of the university ("C" average, comprehensive examination, graduation fee, financial obligations). Tuition and fees for the second half of the semester will be charged.

A student who is called to the armed services before the date on which mid-semester examinations are scheduled to begin may not receive any credit for that semester. The full amount charged for tuition and fees will be refunded.

To obtain his honorable dismissal on withdrawing from the University, the student must obtain from the Dean a written permission for such withdrawal, which must be presented to the Registrar. This written permission will not be given if the student has not met all financial obligations to the University, or if he is under any official censure, or if there is any official charge pending against him.

A student desiring to withdraw from a scheduled course or to add another course after his semester's schedule has been filed in the Registrar's office may do so only after having obtained written permission from the Dean. Permission to add a course or to change from one section of a course to another will not be granted after the first ten class days of a semester.

Attendance The University is insistent on regular and punctual attendance. Each tardiness, defined as a student's failure to be present when his name is called at the beginning of each class or laboratory, will be counted as a third of an absence, unless the tardiness exceeds fifteen minutes, when it will be counted as an absence. The student coming

late is responsible for seeing that the instructor changes the absence noted at the beginning of the class to a tardiness. An absence on the day immediately following or immediately preceding a holiday will be marked as two absences unless, for some good reason, permission is asked and granted beforehand by the Assistant Dean.

Any student whose number of absences exceeds twice the number of semester hours that the course carries in a semester is automatically suspended from that course. The student should report in writing to the office of the Assistant Dean within three days after his return to the University the reason for each absence incurred. Serious illness or a similarly grave cause will be the only reasons for which a student may incur absences. If a student exceeds the maximum number of absences, and if he has reported them to the office of the Assistant Dean within the specified time, a petition for reinstatement will be considered. If among the absences incurred there are more than three in any one course for which no acceptable excuse is presented, the student will under no circumstances be reinstated. The decision of the Committee on Attendance will be final.

Absences for any excuse whatever do not exempt a student from quizzes, tests, examinations, or other written work required during the period of absence. The responsibility for making up such work rests wholly upon the student. A failing grade for the omitted work will be charged against the student if he does not fulfill his obligations within the time limit determined by his professors.

Discipline The educational system of this University includes, as one of its most important features, the formation of character. It is expected that each student will be so loyal to the spirit and ideals of the University that the exercise of proper self-control will come from his own convictions and free determination.

It is intended that the college regulations be a guide and help to foster that gentlemanly conduct which is presupposed in every Loyola student. The College requires regular and punctual attendance at all scheduled exercises, observance of college customs and regulations, serious application to study, and inoffensive conduct. A student who shows himself deficient in these essential points will be suspended or dismissed.

The University reserves the right to dismiss at any time a

student who fails to give satisfactory evidence of earnestness of purpose and of interest in the serious work of college life. In rare cases a student may be dismissed for a reason that seems to students and parents to be insufficient. In such cases the University is to be considered the more capable judge of what affects the interests both of the institution and of the student body.

Compulsory Physical Education All male students enrolled in the College of Arts and Sciences, except Veterans, are required to take courses in physical education in their Freshman and Sophomore years. They will be given a thorough health examination to determine their classification for physical activities. A student who is deficient in physical education requirements at the beginning of his senior year will not be allowed to carry a schedule entitling him to graduation at the end of that scholastic year.

Grades and Reports A report of the semester grades made by a student in his scheduled subjects is sent to the student's parents or guardians at the middle and end of each semester. Other reports will be sent by the Dean whenever he judges it advisable to do so.

Grades are reported as follows: "A," excellent; "B," very good; "C," good; "D," merely passing; "E," conditioned; "F," failed; "FE," failure because of excessive absences; "FS," failure because of pre-examination scholastic deficiency; "W," withdrew from subject course with permission; "WF," failure because of withdrawal from subject course without permission.

Official grades are expressed in letters, not numbers. The numerical values of the letters used are as follows: A—93 to 100; B—85 to 92; C—77 to 84; D—70 to 76; E—55 to 69; F—0 to 55.

A student must earn the right to take the semester examination in each of his scheduled subjects. To do so he must have attended the required number of class and laboratory periods in the subject, he must have submitted the required term paper, and he must have made a minimum average grade of "D" for the semester work in the subject prior to the semester examination. This average will be computed from the grades made in the quizzes, the mid-semester test, the term paper, the laboratory work, and all other work re-

quired in that subject. A student who fails to qualify for a semester examination in a subject will be charged with a failure in that subject.

When a student, at the end of a semester, makes the passing grade of "D" or a higher grade, he is credited with the semester hours allowed for the subject course in which the grade is made. Otherwise, he is not credited with any semester hours.

When a student is conditioned in a subject course at the end of a semester, he may remove the condition by examination. Only one such examination is allowed, and only on the day assigned by the Dean. If the student is successful in the examination, he receives full credit of semester hours, but the highest grade that he is allowed is "D." If the student fails to remove the condition on the day assigned by the Dean, the condition becomes a failure. A student is not allowed to remove more than two conditions of one semester.

Repetition of Courses A student who has failed a course will be allowed to repeat that course when it is next offered. No more than two repetitions of the same course will be allowed to any student.

For repetition of courses to raise the quality of a student's work, cf. page 32, "Quality of Work."

Classification of Students Those students are ranked as Sophomores who have credit for twenty-four semester hours; Juniors, those who have fifty-six semester hours; Seniors, those who have ninety-two semester hours. Students not included in any of these classifications are registered either as special students or as out-of-course students.

Scholastic Standing The standing of a student is computed on all hours attempted, including elementary languages, but excluding authorized withdrawals. All attempts at a course which has been failed and repeated or which has been repeated to raise the quality of work will be counted in computing a student's scholastic standing.

Scholastic Probation and Dismissal 1. All students admitted on the basis of entrance examinations and veterans admitted, by concession, without the required quality in their previous academic records will be placed on scholastic pro-

bation for one semester. If at the end of one semester such a student has earned a "C" average and has passed all subjects scheduled, he will be removed from probationary status. If he fails to make a "C" average but achieves an average of at least 0.5 and does not fail more than one subject, he may apply for an extension of his probationary status, which will not under any circumstances be extended beyond one more semester, during which he must pass all subjects and raise his average for the year to a "C". Should he fail to meet the above conditions, he will be dismissed from the University for scholastic deficiency.

2. Students who fail two subjects or whose average is less than 0.25 in any one semester will be placed on probation for the next semester. If, in the next semester, they fail to earn a "C" average and pass all subjects scheduled, they will be dismissed from the University.

3. Students who fail three or more subjects in one semester will be required to leave the University for a semester. If they return, they will be obliged to repeat all subjects scheduled in their last semester at the University, must earn a "C" average and pass all subjects. Otherwise they will be dismissed from the University.

4. Students who do not have a general "C" average and a "C" average in their major and minor fields of concentration at the end of their sophomore year or at the beginning of the last semester of their senior year will be given one semester to remedy their deficiencies. During that semester, they may not schedule any advanced courses. If they fail to attain the required "C" average, they will be dismissed from the University.

5. Students on scholastic probation will not be allowed to schedule more than 12-14 semester hours.

6. As far as possible, in keeping with University regulations and Summer Session schedules, all courses failed must be repeated in the Summer Session. Students who neglect to repeat such courses in the Summer will not be allowed to begin the next year of their degree program until the courses failed have been repeated successfully.

Eligibility Rules Students taking part in dramatic performances, public debates, oratorical or elocution contests, or intercollegiate athletic contests, and those who are appointed to staffs of the University publications, as well as all officers of student organizations, are subject to the following eligibility rules:

They must be doing a minimum of twelve semester hours of work; they must have passed at least twelve hours of the work in which they were enrolled for the last semester in residence; they must not be under any official censure.

Part-Time Courses For the convenience of teachers and of others who have satisfied the requirements for college entrance, the University offers evening courses, Saturday morning courses, and summer courses. Such students schedule fewer courses per semester than are required of students attending the full-time day courses. For further details see special bulletins for these courses. A limited number of students who have not satisfied the regular requirements for college entrance are permitted to take these part-time courses merely for cultural purposes. They are not allowed college credit for such studies until proper entrance credentials have been approved and placed on file in the University.

Combined Courses A student who has completed the Junior year in the College of Arts and Sciences may enter upon his professional studies and after one year of such studies may receive a degree from the College of Arts and Sciences, provided he has fulfilled the following requirements: (1) Before transferring to the professional studies he must have completed all the subject courses of the College of Arts and Sciences specifically required for the academic degree, as the professional studies will be accepted only as electives for that degree; (2) he must have been registered during the entire year as a Senior in the College of Arts and Sciences and as a First Year student or Freshman in the professional school in which he is taking his professional studies, and his program of first year studies in the professional school must have been approved at the beginning of the session by the Dean of the College of Arts and Sciences; (3) he must have completed successfully the first year of his professional studies as required by the professional school for his promotion to the second year of professional studies in that school, although

not more than twenty-two semester hours of such studies will be accepted toward his academic degree; (4) he must not be under any official censure either in the College of Arts and Sciences or in the professional school; (5) he must see that an official record of the studies which he has taken and the grades he has made in them during his first years of professional studies, together with a statement that he has been promoted to the second year of professional studies and that he is not under any official censure in the professional school, be sent by the Dean of the professional school to the Dean of the College of Arts and Sciences.

Such a candidate for a degree from the College of Arts and Sciences must be present with the other candidates for degrees at the Baccalaureate Services and the Commencement Exercises of the University.

Requirements for Undergraduate Degrees *I. The Amount of Work*—To receive a baccalaureate degree, a student is required to complete at least 128 semester hours, distributed normally throughout eight semesters in such manner as to include in his last four semesters a field of concentration consisting of 30 to 36 semester hours of upper division work in related courses 18 of which must be taken from one field and 12 from one or more related fields.

Before the end of his Sophomore year, the student, with the assistance of the Chairmen of the Departments, will select his field of concentration. No student will be permitted to begin his field of concentration unless he has the rating of a Junior, has completed his lower division course requirements, has an average of "C" for all courses completed and has an average of "C" in the lower division subject courses of the major field he intends to elect. The field, as outlined by the Chairmen, must be submitted in duplicate form to the Dean for his approval. After such approval, any change in the student's field of concentration is not allowed without permission of the Dean. Ordinarily such a change will prolong the time required for a degree. Students who have transferred from another college must complete their last 32 hours and 50 per cent of their field of concentration in residence.

Students who wish to schedule courses at other colleges and have such courses recognized as partial fulfillment of their Degree Program at Loyola must obtain the written

permission of the Dean before such courses are scheduled. Failure to obtain such written permission will render the courses unacceptable to Loyola.

II. Character of Work

Subject Requirements	A.B.	Ph.B.	B.S.†	B.S. Ec.	B.S. Ed.	B.S. Phys. Ed.	B.S. Med. Tech.

Sociology	12*	12			6	3	
Speech		6					
Theology**	16	16	16	16	16	16	16

N. B.—The curricula above contain only the minimum subject requirements. Upper division requirements must be added in most cases. These consist of at least 18 semester hours in the major field of concentration and at least 12 semester hours in the minor. For more detailed outline of programs Cf. Pgs. 35-41.

*Students may choose one of courses so marked.

**This requirement is for Catholics only. Part-time students are required to take only 8 semester hours. Transfer students must schedule Theology every semester they are in attendance.

†Candidates for degree in Social Work follow program outlined for Ph.B. except requirement in Science.

‡For majors in Physics and Mathematics, lower division requirements are 10 hours in Physics, 8 hours in Chemistry and 10 hours in Mathematics; for majors in Chemistry, 16 hours in Chemistry, 10 hours in Physics and 10 hours in Mathematics; for majors in Biology, 16 hours in Biology, 16 hours in Chemistry and 6 hours in Mathematics; for majors in Medical Technology, 16 hours in Medical Technology, 16 hours in Biology and 12 hours in Chemistry.

III. Quality of Work A candidate for a degree must present not only the required character and quantity of work, (Cf. pgs. 35-48), but he must attain a certain standard of excellence in his work, especially in his major and minor areas of concentration. Hence, the candidate for a bachelor's degree must present, in addition to the minimum of 128 semester hours of credit, a minimum of 128 quality points, or an average grade of "C" or better. Moreover, a student must make a "C" average in each area of his field of concentration.

Quality points are earned in the following manner: For the grade of "A" in a subject course, the student is credited with three times as many quality points as semester hours allowed for that course; for the grade of "B," twice as many quality points as semester hours; for the grade of "C," just as many quality points as semester hours; for the grade of "D," semester hours are credited, but not quality points; for the grade of "F," neither semester hours nor quality points are credited, but the semester hours are added as hours attempted in computing a student's standing and credit point ratio.

With the permission of the Dean, a student may repeat a course already successfully completed in order to better the quality of his work. No third attempt will be allowed unless the second attempt results in a failure, in which case the course must be repeated a second time. In computing the student's average, all attempts will be counted.

IV. Other Requirements In addition to the above requirements, the following regulations must be observed:

(1)—The candidate for a degree either must submit a thesis of approximately 5,000 words on a particular phase of his major subject, or must take a comprehensive examination in his major subject, depending upon the regulations of the department of his field of concentration.

(2)—A. Before writing his thesis the student must obtain from the Chairman of the department of his field of concentration the approval of the subject of his thesis. He must present to his Chairman two copies of the completed thesis not later than the date assigned in the Session Calendar. The Chairman's approval of the thesis is required for graduation.

B. If the student is to take a comprehensive examination, the field of examination is to be determined by the Chairman of the Department of his major subject. The successful completion of this examination is required for the graduation of the student.

(3) At the beginning of the scholastic year in which the candidate expects to complete the work required for his degree he must present to the Registrar a formal application for that degree.

(4) One month before the date of graduation, the candidate must pay his graduation fee and discharge all other financial indebtedness to the University.

(5) All candidates for degrees must be present at the Baccalaureate Services and the Commencement Exercises. The University will not confer degrees *in absentia* except in the case of students who are called to the armed services.

Graduation Honors Graduation honors are computed according to the quality point system. A student's graduation average is determined by dividing the total number of quality points earned by the total number of semester hours attempted by the student during his entire course. Semester hours carried include all hours attempted, excluding authorized withdrawals, but including failures and all attempts at a course which has been repeated in order to raise the total of quality points. A student who has made an average of 2.5 graduates *cum laude*; one who has made an average of 2.8, *magna cum laude*; one who has made an average of 3, *maxima cum laude*. Record of these honors is inscribed on the diplomas and noted in the list of graduates published for the Commencement Exercises.

Knowledge of Regulations Every student is to acquaint himself with all the regulations of the University that pertain to him. Ignorance of a regulation is not accepted as an excuse for its violation. These regulations are to be learned from the General Bulletin of the University, the Students' Handbook, official instructions given to the students, and posted official notices. When a student registers in the University, it is understood that both the student and the student's parents or guardians agree to the student being governed by the regulations of the University, and will abide by decisions that may be made by officials in the University regarding the student.

Bachelor of Science—Education (Secondary Education)**FRESHMAN YEAR**

Course No.		Sem. Hrs.
En. 101-102	Freshman Composition	6
Hs. 201-202	American History	6
Sl. 101-102*	Elements of Normal Sociology and Social Institutions	6
Mt. 101-105**	College Algebra and Plane Trigonometry.....	6
Bl. 101-104†	General Botany and General Zoology.....	8
Th. 104-105	Moral Guidance, Apologetics.....	4
Ped. 101-102‡	Physical Activity.....	(2)
		<hr/> 36

*Students preparing to major in Commerce or Finance take Cm. 101-102 and Fn. 101-102 instead of Sl. 101-102. These students must also present advanced standing in Typewriting (6 s.h.) and in Shorthand (9 s.h.) for certification to teach Business Education. The typewriting and shorthand do not count in the program toward the degree.

Students preparing to teach foreign languages take 6 s.h. in foreign language instead of Sl. 101-102.

Students preparing to elect Biology or Chemistry as a major or minor field of concentration, take Ch. 101-102 instead of Sl. 101-102.

**Students preparing to elect Mathematics or Physics as a major or minor field of concentration, take Mt. 107-108 instead of Mt. 101-105.

†A. B. students take Lt. 101-102-106-107 in freshman year and Bl 101-102 is transferred to junior year.

‡Girls take Ped. 175-6.

SOPHOMORE YEAR

Course No.		Sem. Hrs.
En. 201-202	A Survey of English Poetry and Prose.....	6
Pl. 201-202	Dialectics, Epistemology, Ontology, Cosmology	8
203-204		
Science:	Elect either Ph. 201-202-203-204* or Ch. 101-102....	8
Electives**	6
Th. 201-202	Channels of Redemption.....	4
Ped. 201-202†	Physical Activity	(2)
		<hr/> 32

*Students preparing to elect Physics as a major or minor field of concentration, take Ph. 211-212-213-214 instead of Ph. 201-202-203-204.

**Students preparing to teach foreign languages take 6 s.h. in language.

Students preparing for certification in Science or for a major or minor field of concentration in any science, elect another science course. Those preparing to major or to minor in Biology, take Bl. 201-202. Those preparing to major or to minor in Chemistry, take Ch. 201-202.

Students preparing to teach Business Education or to elect Commerce or Finance as a major or minor field of concentration, take Cm. 201-202 and Fn. 205-206.

A.B. students take Lt. 201-202-206-207.

Students preparing to elect History or Political Science as a major or minor field of concentration, take Hs. 101-102.

Students preparing to elect Physics or Mathematics as a major or minor field of concentration should also schedule Mt. 301-302.

†Girls take Ped. 177-8.

JUNIOR YEAR

Course No.		Sem. Hrs.
Pl. 301-308	Psychology, Theodicy, Ethics.....	8
311-312		
Ed. 303-304	Introduction, Curriculum, Administration

N. B. Pre-Legal students may substitute the first two years of any degree program described in this Bulletin for the program outlined above.

THE GRAND COTEAU DIVISION OF THE COLLEGE

GRAND COTEAU, LA.

Saint Charles College, situated at Grand Coteau, Louisiana, in the southwestern part of the state, is a part of the College of Arts and Sciences of Loyola University. It is the training school for the members of the New Orleans Province (Southern States) of the Society of Jesus. The collegiate studies pursued there are the first part of the educational training in the formation of a Jesuit. These four years of study are followed by three years in the School of Philosophy and Science, by a period of teaching of three to five years, then by four years of theology in the School of Divinity, and finally by one year devoted to higher ascetical study.

On his admission to the Jesuit Order, the student begins a period of two years of study that is largely ascetical, consequently non-academic, in character. To keep up his academic interests, however, about three hours each day are devoted to academic study, one to Latin, another to Greek, and a third to English, and vacations as well as other periods of leisure are utilized for the acquisition of modern foreign languages.

During the second period of two years, however, the student's interest is concentrated on humanistic studies. As a majority of the members of the Jesuit Order spend their entire lives in teaching or in school administration, all are required to spend from three to five years in teaching, between the period of their philosophical and that of their theological studies. The training required for such a life of classroom activity is begun in the Grand Coteau Division of the College of Arts and Sciences.

In accordance with these purposes of the school, the enrollment in this Division is limited to the members of the Jesuit Order.

Requirements The minimum entrance requirement to this **For Admission** Division is the completion of a standard high school course requiring four years of Latin. A large number of students, however, have completed at least two years of college study. Because of the differences in previous preparation, private study under the most careful individual guidance

and a modified tutorial method of instruction are offered the student to enable him to enjoy the fullest opportunity for self-development.

Advanced Standing Students who have already secured their baccalaureate degree, or who have finished a portion of their college work, may complete the required studies in a shorter time than the period ordinarily prescribed. Under exceptional circumstances, the student may be required to take only courses in education, so that he may comply with the prerequisites for teaching as demanded by law in the various states and by the prescriptions of the standardizing agencies.

Organization and Courses The Grand Coteau Division is administered by an Associate Dean of the College of Arts and Sciences.

The courses offered in the Grand Coteau Division are listed with the courses offered at the University in New Orleans. Since one of the primary purposes of the Division is the education of future teachers, the various systems of education in their historical development as well as in their practical effects are reviewed, but emphasis is placed largely upon the *Ratio Studiorum*, which is the method of teaching traditional in the Jesuit Order. Another primary purpose of the Division is to deepen the student's appreciation and love of the classical languages, and every effort is made to develop scholarly interest in the subjects on the part of those who show special aptitude.

Examinations Examinations are held at the end of each semester. They are both oral and written, and a rigorous test is exacted in each of the subjects of study. If it should be found that a student is unable to complete the courses in a satisfactory manner within the prescribed time, he is required to add one or more years to his course before being allowed to proceed.

DEPARTMENTS OF INSTRUCTION

The courses of instruction in all departments of the College of Arts and Sciences are numbered in accordance with the following plan:

Lower division courses, numbered from 100 to 299, are, in general, introductory, and basic.

Upper division courses are numbered from 300 to 399. For these courses, basic training in the same or in allied subjects is a prerequisite.

The college credit allowed for a course is stated in terms of semester hours.

The following is a list of the key letters used to indicate the different courses of instruction:

Biology.....	Bl	Latin.....	Lt
Chemistry.....	Ch	Mathematics.....	Mt
Commerce.....	Cm	Medical Technology.....	Md

Course offered at Grand Coteau Division.....C

Course offered on Saturday only.....S

Course offered in night classes only.....N

DEPARTMENT OF BIOLOGY

John G. Arnold, Jr., Ph.D., Chairman

Fall Semester

Bl. 101 General Botany A course designed to acquaint the student with the biology of the plant kingdom. Fundamental principles, including the morphology and physiology of the cell, are first considered. A study is then made of the morphology, relationships, and life histories of representative examples of the major plant groups. Genetics and the economic importance of plants are considered briefly. Two lectures and two laboratory periods. 4 sem. hrs.

Bl. 105 Invertebrate Zoology A study of the underlying principles of animal life. The taxonomy, morphology, physiology, life history, habits, and distribution of the Invertebrata are considered. Two lectures and two laboratory periods. 4 sem. hrs.

Bl. 201 Comparative Anatomy of the Vertebrates An intensive laboratory study of types vertebrates, accompanied by lectures on vertebrate phylogeny and anatomy. Two lectures and two laboratory periods. Prerequisite: Bl. 101-104 or Bl. 105-106. 4 sem. hrs.

Bl. 203 Genetics The study of similarities and differences in organisms. Chromosome theory, Mendelian inheritance, and biometry are considered. Two lectures. Prerequisite: Bl. 101-104 or equivalent. 2 sem. hrs.

Bl. 301 Bacteriology This course embraces bacteriological technique, the classification and the study of the properties of important non-pathogenic and pathogenic bacteria. The principles of immunity and serology, and a brief survey of filtrable viruses are also considered. Two lectures and two laboratory periods. Prerequisite: Bl. 105-6 or equivalent. 4 sem. hrs.

Bl. 303 General Physiology The study of the normal function of tissue and organs of animal forms. Special emphasis is laid on the mammalian type in order better to understand human physiology. Three lectures and one laboratory period. Prerequisite: Bl. 201. 4 sem. hrs.

Bl. 305 Animal Parasitology A study of parasites in relation to disease. The various types of parasites, their life histories, and the conditions which they cause will be considered. Two lectures and two laboratory periods.

4 sem. hrs.

Bl. 307 Industrial Bacteriology A course to familiarize the student with the principles of bacteriology, mycology, and protozoology in relation to the various industries. Two lectures and two laboratory periods. Prerequisite: Three years of chemistry and one year of biology.

4 sem. hrs.

Bl. 390 Biological Problems This is a course to allow the student to carry on advanced biological work under faculty supervision. This course is open to Seniors. Prerequisite: three years of Biology. Credit determined by work done.

Spring Semester

Bl. 102 Plant Taxonomy A course of study in the methods of plant identification embracing only the classification of the seed plants. This course is especially designed to make the student familiar with the local flora. The genetic relationship of the major families are investigated, and a large number of representative plants are collected in the field. The main vegetation types of Louisiana and North America are also considered. Two lectures and two laboratory periods. Prerequisite: Bl. 101.

4 sem. hrs.

Bl. 104. General Zoology A continuation of the course Bl. 101. A comprehensive study is made of typical invertebrate and vertebrate animals. Cell division, embryology, and heredity are also considered. Two lectures and two laboratory periods.

4 sem. hrs.

Bl. 106 Vertebrate Zoology A study of the taxonomy, morphology, physiology, life history, habits, and distribution of vertebrate animals. Reference is made to the lower chordate animals. Embryology, genetics, and ecology are considered briefly. Two lectures and two laboratory periods. Prerequisite: Bl. 105.

4 sem. hrs.

Bl. 202 General Embryology A study of the origin and maturation of germ cells, fertilization, and the formation of germ layers in certain typical invertebrate and vertebrate animals. Knowledge of the development of the systems of a vertebrate is obtained through an intensive study of whole mounts and serial sections of the chick and pig. Two lectures and two laboratory periods. Prerequisite: Bl. 201. 4 sem. hrs.

Bl. 204 History of Biology A survey of the principal figures and discoveries which have contributed to the development of the science of biology. Two lecture periods. Prerequisite: Bl. 101-104, or equivalent. 2 sem. hrs.

Bl. 302 General Histology The study of the microscopic structure of tissues and organs of the mammalian body, and the study of the fundamentals of hematology. Two lectures and two laboratory periods. Prerequisite: Bl. 201. 4 sem. hrs.

Bl. 304 Advanced General Physiology Lectures, laboratory exercises and demonstrations designed to present an integrated outline of general physiology with emphasis on fundamental principles. Laboratory exercises stress mammalian physiology and serve as training in experimental methods. Two lectures and two laboratory periods. Prerequisite: Bl. 303. 4 sem. hrs.

Bl. 306 Animal Microtechnic A course in the principles and methods of preparing animal material for microscopical study. The student is given practice in fixing, embedding, sectioning, staining, and mounting tissues; the preparation of whole mounts. One lecture or conference, and at least three laboratory periods a week. Prerequisite: Bl. 302. 4 sem. hrs.

Bl. 308 Industrial Bacteriology A course to familiarize the student with the principles of bacteriology, mycology, and protozoology in relation to the various industries. Two lectures and two laboratory periods. Prerequisite: Three years of chemistry and one year of Biology. 4 sem. hrs.

Bl. 310 Pothier Seminar The seminar is composed of the staff and of students majoring in Biology, as well as others interested in the subject. The work of the seminar consists in the reading and discussion of papers on biological subjects by the members and lectures by visiting scientists.

No credit

Bl. 312 Field Zoology The taxonomy, life histories, and general ecological relationships of the common animals (exclusive of the terrestrial insects, the birds, and the mammals) of south Louisiana and the New Orleans area particularly. Two hours lecture and four hours laboratory or field work per week. Prerequisite: Bl. 101-104 or Bl. 105-106. 4 sem. hrs.

Bl. 391 Biological Problems As described in the Fall Semester. Credit determined by work done

DEPARTMENT OF MEDICAL TECHNOLOGY

John G. Arnold, Jr., Ph.D., Chairman

Fall Semester

Md. 101 A course to acquaint the prospective Medical Technician with the ethics of the profession. The course includes a thorough study of the principles and practice of hematology. 4 sem. hrs.

Md. 201 This course includes a review of the fundamentals of urinalysis and hematology, and detailed studies in the technique of electrocardiography and basal metabolism. 4 sem. hrs.

Md. 301 A comprehensive review of all preceding courses with further studies in techniques and interpretation of results. The following subjects are included:

Urinalysis	Gastro-Enterology
Hematology	Pathogenic Bacteriology
Serology	Basal Metabolism
Tissue Sections	Electrocardiography
Parasitology	Museum Preparation Technique
Fecal Analysis	Gross and Microscopic Photography
	4 sem. hrs.

Md. 390 This course is a practical application of principles of Medical Technology which have been covered in the preceding courses in the Department. This course is at present of one academic year duration. It is taught in various local hospitals or private laboratories which have been approved by the American Medical Association and the American Society of Clinical Pathologists. Practical laboratory internship experience is allowed for this course. 16 sem. hrs.

Spring Semester

Md. 102 A course designed to instruct the student in the care and use of laboratory equipment and the principles of urinalysis. 4 sem. hrs.

Md. 202 A study of the principles of gastric analysis. Duodenal analysis and fecal analysis. 4 sem. hrs.

Md. 302 Continuation of course as described under Md. 301 in Fall Semester. 4 sem. hrs.

Md. 391 Continuation of course as described under Md. 390 in Fall Semester. 8 sem. hrs.

DEPARTMENT OF CHEMISTRY

Rev. George A. Francis, S.J., Ph.D., Chairman

Fall Semester

Ch. 101 General Inorganic Fundamental principles of chemistry; the laws of chemical action and description of the non-metallic and metallic elements and their compounds. Two lectures, one recitation, and two laboratory periods. 4 sem. hrs.

Ch. 201 Organic Chemistry Discussion of the important compounds of aliphatic and aromatic series and preparation of typical compounds. Two lectures and two laboratory periods. 4 sem. hrs.

Ch. 301 Inorganic Qualitative Analysis Detection of the common cations and anions, based on the application of chemical principles. One lecture and three laboratory periods. 4 sem. hrs.

Ch. 303 Physical Chemistry A general survey of the subject. Treatment of the laws of chemical phenomena—the gaseous, liquid, and solid states of matter. The course treats of thermo-chemistry, laws governing chemical changes, and electro-chemistry. Two lectures and two laboratory periods. 4 sem. hrs.

Ch. 305 Industrial Chemistry A study of the more important chemical industries. The course deals with production of petroleum products; animal and vegetable oils and fats; sugar; water for municipalities and for industrial uses; paints, varnishes, lacquers, synthetic plastics; industrial alcohol, etc. Two lecture periods. 2 sem. hrs.

Ch. 307 Technical Methods of Analysis Analysis of the substances discussed in Ch. 305-306. Three laboratory periods.
3 sem. hrs.

Ch. 309 Biological Chemistry A study of the chemical constituents of the body. The chemistry and functions of the carbohydrates, fats, proteins, vitamins, and mineral elements of foods. Two lectures and three hours of laboratory.
4 sem. hrs.

Spring Semester

Ch. 102 General Inorganic A continuation of Ch. 101 as described in the Fall Semester.
4 sem. hrs.

Ch. 202 Organic Chemistry A continuation of Ch. 201 as described in the Fall Semester.
4 sem. hrs.

Ch. 302 Inorganic Quantitative Analysis Gravimetric and volumetric methods of analysis. One lecture and three laboratory periods.
4 sem. hrs.

Ch. 303-X Physical Chemistry This course, for pre-medical students, treats of the fundamentals of physical chemistry with special emphasis on physiological and biochemical implications. One lecture and one laboratory period.
2 sem. hrs.

Ch. 304 Physical Chemistry A continuation of Ch. 303 as described in the Fall Semester.
4 sem. hrs.

Ch. 306 Industrial Chemistry A continuation of Ch. 305 as described in the Fall Semester.
2 sem. hrs.

Ch. 308 Technical Methods of Analysis A continuation of Ch. 307 as described in the Fall Semester.
3 sem. hrs.

Ch. 310 Biological Chemistry A continuation of Ch. 309 as described in the Fall Semester.
4 sem. hrs.

DEPARTMENT OF CLASSICAL LANGUAGES

Rev. Paul L. Callens, S.J., A.M., Chairman

Fall Semester

A. Latin

Lt. 101-X Basic and Intermediate A course intended to give the essentials of grammar. It is open to all students who have no Latin in high school and wish to begin the study of the classic languages in college. The semester hours

will be credited toward the completion of the total hours required for graduation but not toward the fulfillment of the language requirement. Five periods a week. Credit is dependent on the completion of Lt. 102-X. 3 sem. hrs.

Lt. 101 Cicero. De Senectute. De amicitia. Rapid review of syntax. 3 sem. hrs.

Lt. 106 Latin Composition Advanced composition based on Bradley's Arnold. 1 sem. hr.

Lt. 201 Cicero A study of the principles of the art of literary expression as illustrated and exemplified by his most famous speeches: Pro Archia, Pro Lege Manilia, Pro Milone, or the Second Philippic. 3 sem. hrs.

Lt. 206 Latin Composition Advanced composition. A continuation of Lt. 107. 1 sem. hr.

B. Greek

Gk. 101 Homer A reading course in Homeric Greek. Essentials of Homeric and Greek Grammar. Vocabulary. 3 sem. hrs.

Gk. 201 Homer Adventures of Odysseus with Aeolus, in the Underworld, the Sirens, Scylla and Charybdis, cattle of Helios. 3 sem. hrs.

Spring Semester

A. Latin

Lt. 102-X Basic and Intermediate A continuation of Lt. 101-X as described in the Fall Semester. 3 sem. hrs.

Lt. 102 Virgil Selections from his poems. 3 sem. hrs.

Lt. 107 Latin Composition A continuation of Lt. 106 as described in the Fall Semester. 1 sem. hr.

Lt. 202 Horace Selected Odes. Literary study of the Satires and Epistles. 3 sem. hrs.

Lt. 207 Latin Composition A continuation of Lt. 107 as described in the Fall Semester. 1 sem. hr.

B. Greek

Gk. 102 Homer Prologue of the Odyssey. Adventures of Odysseus with the Lotus-eaters and Cyclops. 3 sem. hrs.

Gk. 202 Homer Additional selections from the Odyssey and from the Iliad. 3 sem. hrs.

DEPARTMENT OF COMMERCE

John V. Connor, Ph. D., Chairman

Fall Semester**A. Commerce**

Cm. 101 Economic History of United States A survey of the outstanding industrial, commercial, agricultural, financial, labor, and transportation factors in the development of the United States. 2 sem. hrs.

Cm. 105 Commodity and Industry Survey A basic survey course designed to cover raw materials and industries comprising the fundamental world economy. This course includes considerations of sources of raw materials; methods of growing, producing or mining; uses in commodity form or in industry; importance to domestic economy and in foreign trade; structure and economics of industry; location and importance of principal industrial units. Emphasis will be placed on regional geography, world population problems, trade channels, and world economic competition. 2 sem. hrs.

Cm. 201 Economics Principles and Problems A study of the application of the basic economic principles to the business world in operation. Economic structures; production; forms of business enterprise; value and price determination; domestic and foreign trade; money, credit, and banking development; distribution of wealth and income; the process of consumption. A careful consideration of the major economic problems of the day such as those relating to business cycles, trusts and monopolies, transport, agriculture, labor, business financing, international cartels, and government regulations. 3 sem. hrs.

Cm. 303 Business Correspondence and Report Writing Principles of business correspondence; emphasis on structure and content of different types of written business communications; business report analysis; assigned problems. 2 sem. hrs.

Cm. 305 Commercial Law A course dealing with the application of law to business transactions. Part I: Fundamental ideas of law; business forms; contracts; agency; negotiable instruments; sales. Part II: Personal property; partnerships and corporations; real property; insurance; suretyship; mortgages; bankruptcy; banking laws. 3 sem. hrs.

Cm. 316 Transportation Organization, history, and structure of elements of the American transportation system, including rail, inland and ocean water, highway, and air transport. Special consideration is given to rate making, territories, and classification; to the influence of rates on commodity movements; to types of service; to competition; and to government regulation. This course also covers documents used, carrier relations with each other and with shippers. Prerequisite: Junior standing. 3 sem. hrs.

Cm. 331 Labor Problems The function of labor in modern industry; the organized labor movement and the essence of collective bargaining; the government and the labor movement; labor relations within and outside the industrial unit; labor legislation; discussion of such general labor problems as child employment, women in industry; economic security for the laboring masses, hours, wages, and accidents. Prerequisite: Junior standing. 2 sem. hrs.

Cm. 335 Principles and Practices of Foreign Trade Fundamental principles and practices of exporting and importing. This course covers the theory of foreign trade; tariff construction and applications; customs procedures; freight forwarding and brokerage; marine cargo insurance; financing and documents; and consular regulations. Prerequisite: Junior standing. 3 sem. hrs.

B. Finance

Fn. 101 Elementary Accounting A basic course in the elements of double entry bookkeeping; intensive drill on working papers; opening and closing books; single proprietorships; partnerships; corporations; various phases of bookkeeping processes intended to familiarize the student with basic principles, forms, and procedures of modern accounting. Emphasis on the mechanical and technical aspects of recording actual business transactions, preparing statements, income and expense accounts, controlling accounts, accruals, depreciation and bad debts. Laboratory drill 3 sem. hrs.

Fn. 205 Intermediate Accounting An intensive study of the classification and theories of valuation; of balance sheet accounts; working papers; statements; accounting for stock and bond issues of corporations; consignments; installment sales; funds and reserves; statement of application funds; statement of variation in profits; business budgets; branch accounting; and consolidated statements. Laboratory drill. Prerequisite: Fn. 101-2. 3 sem. hrs.

Fn. 211 Business Statistics Collection, analysis, and presentation of statistical data; barometers of business forecasting; plotting of graphs for executive control. Prerequisite: Fn. 103-4 or its equivalent. 3 sem. hrs.

Fn. 303 Advanced Accounting Application of advanced principles of accounting theory and problems to such topics as analysis of statements, partnership problems, insolvency, estates and trusts, consolidated statement, stock brokerage, valuation of bond, problems of property valuation and actuarial science, and foreign exchange. Laboratory drill. Prerequisite: Fn. 205-6 or its equivalent. 3 sem. hrs.

Fn. 305 Money and Banking Functions of money, monetary development in United States; nature of, functions, and instruments of credit; banking development in United States; the National Banking System; the Federal Reserve System; recent reforms; types and functions of banking institutions. Prerequisite: Junior standing. 3 sem. hrs.

Fn. 307 Business Finance Structures and forms of different types of business enterprise; the promotion and financing of business; incorporation laws; underwriting securities; working capital; distribution of dividends; financial policies; failures and reorganizations; responsibility of the corporation to its creditors, its shareholders, and the general public. Prerequisite: Junior standing. 3 sem. hrs.

Fn. 313 Federal Tax Accounting Methods of accounting for income tax in relation to individuals and business and the preparation of tax returns; employee's social security taxes; federal and state estate and fiduciaries; excise, capital stock, and excess profits taxes. Prerequisite: Fn. 205-6 or its equivalent. 2 sem. hrs.

Fn. 315 Cost Accounting An introductory course emphasizing principles of accounting as applied to the problems of scientific accumulation of manufacturing costs to determine costing of specific orders under job-order system and to determine per unit costing under continuous process cost system. Special cost problems; by-products and co-products; inventory difficulties and complexities; distribution costs; elements of standard cost accounting. Prerequisite: Fn. 205-6 or its equivalent. 2 sem. hrs.

Fn. 319 Governmental Accounting Accounting procedure applicable to governmental units; classification and uses of funds; fiscal procedure; budgetary control; financial statements and reports as recommended by the National Committee on Municipal Accounting. Prerequisite: Fn. 303-4 or its equivalent. 3 sem. hrs.

Fn. 340 Budgetary Accounting A study of budgetary principles and procedures; basic principles involved in preparing, operating, and controlling various types of budgets. Prerequisite: Fn. 205-6 or its equivalent. 2 sem. hrs.

Spring Semester

A. Commerce

Cm. 102 Economic History of United States A continuation of Cm. 101 as described in the Fall Semester. 2 sem. hrs.

Cm. 106 Commodity and Industry Survey A continuation of Cm. 105 as described in the Fall Semester. 2 sem. hrs.

Cm. 202 Economic Principles and Problems A continuation of Cm. 201 as described in the Fall Semester. 3 sem. hrs.

Cm. 304 Business Correspondence and Report Writing A continuation of Cm. 303 as described in the Fall Semester. 2 sem. hrs.

Cm. 306 Commercial Law A continuation of Cm. 305 as described in the Fall Semester. 3 sem. hrs.

Cm. 307 Salesmanship and Sales Management. The essentials of successful salesmanship; psychology in selling; the place of sales management in distribution; organization of the selling departments; training of salesmen; sales control, costs, budgets, and quotas; sales promotions; assigned problems and demonstrations. Prerequisite: Junior standing. 3 sem. hrs.

Cm. 326-327 Advanced Economic Theory The history of economic thought; the essential elements of capitalism; economic reform movements; the role of monopolistic competition; demand, supply, and cost curves; value theory and distribution; economic theorists. Prerequisite: Senior standing. 4 sem. hrs.

Cm. 334 Personnel Management Organization and functions of the personnel department in modern industry; job analysis, job specification, and job standardization; recruiting, selecting and testing, placing, and training labor supply; wage and salary administration; employee welfare plans; stabilizing employment. Prerequisite: Junior standing.

2 sem. hrs.

Cm. 341 Business Organization and Management A survey of the organization and operations of modern business units, with emphasis on location and layout, line, staff, and functional organization, job analysis and simplification, standardization of procedures, measurements of efficiency, and management controls. Prerequisite: Junior standing.

2 sem. hrs.

B. Finance

Fn. 101 Elementary Accounting As described in Fall Semester.

3 sem. hrs.

Fn. 102 Elementary Accounting A continuation of Fn. 101 as described in Fall Semester.

3 sem. hrs.

Fn. 104 Business Mathematics A course dealing with the application of basic mathematics to the field of business. Part I: Commercial algebra; simple and quadratic equations; logarithms; interest and discount; graphs and statistical methods. Part II: Compound interest and compound discount; annuities and sinking funds; depreciation; insurance.

3 sem. hrs.

Fn. 206 Intermediate Accounting A continuation of Fn. 205 as described in Fall Semester.

3 sem. hrs.

Fn. 212 Business Statistics A continuation of Fn. 211 as described in Fall Semester.

3 sem. hrs.

Fn. 304 Advanced Accounting A continuation of Fn. 303 as described in Fall Semester.

3 sem. hrs.

Fn. 314 Federal Tax Accounting A continuation of Fn. 313 as described in Fall Semester.

2 sem. hrs.

Fn. 316 Cost Accounting A continuation of Fn. 315 as described in Fall Semester.

2 sem. hrs.

Fn. 320 Auditing A course in the theory and practice of professional and private auditing; procedures in the proper conduct of an audit; a study of the types of audits; working papers and reports. The student is required to prepare a complete set of audit working papers and to write a formal audit report for a typical Balance Sheet Audit. Prerequisite: Fn. 303-4 or its equivalent. 3 sem. hrs.

Fn. 334 Credits and Collections Types of credit; basis of credit; sources of credit information; organization and operation of the credit department; credit investigations and analyses; legal remedies available to a creditor; collection devices; creditors' committees; receiverships and bankruptcy; credit insurance. Prerequisite: Junior standing. 2 sem. hrs.

Fn. 336 International Banking and Finance A study of the balance of international payments and items making up the balance; the rate of exchange and its effect on the movement of commodities and the flow of gold; basis of par of exchange; monetary policies and efforts at stabilization of foreign exchange; capital movements between countries; international investments; financing of foreign trade; transactions in foreign exchange; spots and futures; foreign loans by governments; establishment and operation of the International Monetary Fund, the International Bank for Reconstruction and Development, and the Export-Import Bank. Prerequisite: Fn. 305 and Cm. 335. 3 sem. hrs.

Fn. 341 Accounting Systems A study of the theory and practice of designing and installing accounting systems; account classification; outline and relation of accounting procedure to various types of organizations. Prerequisite: Fn. 303-4 or its equivalent. 2 sem. hrs.

DEPARTMENT OF EDUCATION AND PHYSICAL EDUCATION

Rev. James F. Whelan, S.J., Ph.D., Chairman

Fall Semester

A. Education

Ed. 152 Art for Elementary School Teachers, Course I Finger painting, clay modeling, free cutting, finger drawing, posters, picture study, and design at the primary level. 3 sem. hrs.

Ed. 254 Children's Literature This course includes appropriate stories and poems of the accredited Louisiana Library List from the primary through the upper elementary level.

3 sem. hrs.

Ed. 303 The Program of Secondary Education The purpose of this course is to bring about an understanding of the organization of learning programs in the secondary school and a knowledge of the materials and methods suited to the needs of secondary pupils. Part 1 of this course includes: The development of the American high school, the formulation of an educational philosophy of the American secondary school, the objectives and functions of secondary education, the program of the American secondary school, the organization of the program of secondary education, the nature and purpose of the high school curriculum, the identification and analysis of the problems involved in curriculum-making in the secondary school, and curriculum-making and the program of studies for secondary education.

2 sem. hrs.

Ed. 304 The Program of Secondary Education This course is a continuation of Ed. 303. It includes: Means and materials of the high school curriculum, the pupil activity program, the organization of curriculum materials and elements of learning and teaching, curriculum evaluation, revision, and adjustments, organization of secondary school pupils, guidance service in the secondary school, library service in the secondary school, and organization of the secondary school staff.

2 sem. hrs.

Ed. 310 History of Education The historical foundations of modern education; the aims and methods of education in our western civilization.

3 sem. hrs.

Ed. 330 General Psychology Definition and scope; mental faculties; the external senses; the internal senses; impulses and desires; reflex action; the faculty of thought; the faculty of choice; feelings and emotions; habit; character.

3 sem. hrs.

Ed. 350 Practice Teaching This course includes 45 hours of observation and 45 hours of actual teaching under the supervision of a critic teacher and the Director of Practice Teaching. Prerequisites for secondary-school teaching; a point-hour ratio of 1.25 quality points in the teaching field and the successful completion of Ed. 303, 304, 305, 351. Prerequisites for elementary-school teaching: the successful completion of the junior year of the elementary-school program. There is a fee of ten dollars for this course.

4 sem. hrs.

Ed. 352 The Teaching of Reading in the Elementary School

The more recent trends in reading instruction from reading readiness of the kindergarten and the first grade to the enriched reading program of the upper elementary grades. Practice will be given in determining reading levels through the use of tests in speed and comprehension. 3 sem. hrs.

B. Physical Education

Ped. 175 Theory and Practice of Minor Sports A course in the fundamentals of minor sports, including organization, rules, and team play. This course is for classroom teachers. 2 sem. hrs.*

Ped. 270 Theory and Practice of Boxing, Wrestling and Tumbling Fundamentals progressively taught leading up to team participation. 2 sem. hrs.*

Ped. 370 Principles, Organization, and Administration of Physical Education, Course I This course includes management, aims, objectives, and basic principles of physical education. 3 sem. hrs.

Ped. 374 Principles, Organization and Administration of Physical Education, Course II This course deals with the direction of intramural activities at the various grade levels. 2 sem. hrs.

Ped. 378 Health Education, Course II A course for teachers of physical education covering the supervision, service and instructing in health. 2 sem. hrs.

Spring Semester**A. Education**

Ed. 153 Art For Elementary School Teachers, Course II Printing, design, murals, masks, picture study, and decorative work at the upper elementary level. 3 sem. hrs.

*No academic credit is given unless Physical Education is included in the minor area of the field of concentration. Otherwise credit is given for certification only.

Ed. 255 Geography For Elementary School Teachers This course provides an intensive study of geography as a background for the teaching of the social studies. 3 sem. hrs.

Ed. 305 The Program of Secondary Education This course is a continuation of Ed. 304. It includes: Schedule making in the secondary school, developing work habits and study skills, evaluation learning and teaching, the secondary school plant and equipment, general management of the secondary school, supervision in the secondary school, the secondary school and community relations, and the evaluation of the secondary school. 2 sem. hrs.

Ed. 331 General Psychology The nature of the soul; the origin of the soul; the immortality of the soul; union of soul and body; the abnormal mind; the subconscious; mental influence on physical functions; the psychology of learning; applied psychology. 3 sem. hrs.

Ed. 333 Educational Psychology The purpose of this course is to understand how pupils learn and the implications of the learning process for secondary pupils. The course includes: psychology and its relation to education, heredity and environment: implications for education, physiological foundations of behavior, unlearned behavior: reflexes, instincts, and emotions, growth and maturation, nature of the learning process, theories and types of learning, psychological factors influencing learning: attention, interest, motivation, inhibition, physiological factors influencing learning: fatigue, age, organic defects, physiological limit, etc., physical factors influencing learning: time of day, atmospheric conditions, distracting agencies, drugs, etc., acquisition and retention: learning curves, transfer of training. 3 sem. hrs.

Ed. 351 Methods Related to Specific High School Courses This course includes the psychology of specific high school subjects and the methods of teaching these subjects. The course is supplementary to Ed. 350. 2 sem. hrs.

Ed. 353 The Teaching of the Social Studies and English in the Elementary School Training in the development of units on the home, community helpers, transportation, and Indians in the primary grades, through Greek, Roman and American History of the upper elementary grades. 3 sem. hrs.

B. Physical Education

Ped. 176 Safety and First Aid for Teachers This course deals with safety and the teaching of safety. It includes the fundamental techniques useful in emergency situations. This course is for class room teachers. 2 sem. hrs.

Ped. 271 Theory and Practice of Track A course covering the form in each track event and the organizing of practice in each event for the season. 2 sem. hrs.*

Ped. 272 Theory and Practice of Baseball A course covering the fundamentals of baseball and strategy to be used in game situations. 2 sem. hrs.*

Ped. 371 Normal Diagnosis, Applied Anatomy, and Individual Correctives This course includes examination, classification, and remedial athletics for the physically handicapped child. 3 sem. hrs.

Ped. 375 Theory and Practice of Minor Sports A course in the fundamentals of minor sports, including organization, rules and team play. 2 sem. hrs.*

Ped. 379 Health Education, Course III Practical application of the principles of health and physical education for the teacher of health and physical education. 2 sem. hrs.

DEPARTMENT OF ENGLISH, JOURNALISM, SPEECH

Rev. Eugene J. O'Connor, S.J., Ph.D., Chairman

Fall Semester**A. English**

En. 001 English Composition A course devoted to practice in correct writing. This course is taken simultaneously with En. 101 by students who demonstrate in the aptitude test a noticeable weakness in the fundamentals. Two periods a week. No credit.

En. 101 Freshman Composition Principles of effective writing. 3 sem. hrs.

*No academic credit is given unless Physical Education is included in the minor area of the field of concentration. Otherwise credit is given for certification only.

En. 102 Freshman Composition Language as communication; reading for understanding; the sources of error; logic and evidence; introduction to research; the research paper.

3 sem. hrs.

En. 103 Advanced Composition Principles of style. Forms of discourse. A knowledge of correct English is presupposed in this course, which replaces En. 101 for those students whose Placement Test score indicates a mastery of fundamental English composition.

3 sem. hrs.

En. 201 A Survey of English Poetry and Prose Political, intellectual, and religious background from Beowulf to the Romantics. The course is required of all Sophomores.

3 sem. hrs.

En. 329 Seventeenth Century Poetry and Prose The prose and poetry of the period, exclusive of Milton, will be treated. Special emphasis on the School of Donne, the character writers, and the beginnings of the neo-classic age.

3 sem. hrs.

En. 343 Victorian Poetry The greater poets of the later nineteenth century; the causes leading to the development of the thought of each; the main tendencies of modern verse traced to these earlier writers.

3 sem. hrs.

B. Speech

Ex. 101 Fundamentals of Speech Study of elemental factors governing good speech content and speaking habits in address; expressive English, correct and distinct oral diction, vocal form, posture, platform manners; analysis of the relation between voice and personality; developing poise and freedom of bodily movement.

3 sem. hrs.

Ex. 201 Dramatic Interpretation Fundamentals of acting, line interpretation, establishing mood, analyzing character; detail work in pantomime.

3 sem. hrs.

C. Journalism

Jr. 301 News Writing Elements of news; the lead; style and structure of news stories; news sources; intensive practice in writing leads and the simpler types of stories. Writing done during the laboratory periods is checked and corrected and each student is offered the opportunity for personal conference with the instructor several times during the semester.

3 sem. hrs.

Jr. 303 News Editing Lectures and intensive practice in copy reading for errors of fact, of English, and of newspaper style; headline writing; news values and policy; libel; page layouts and makeup; reader interest. Students work on the copy desk of *The Maroon*. Required of all who offer Journalism as a field of concentration. Prerequisite: Jr. 301-302.

3 sem. hrs.

Jr. 321 Editorial Writing Analysis of current news problems. The course seeks to correlate background social science courses and focus them on current affairs. It seeks to familiarize students with reference works and source materials bearing on the background of the news. The function of the editorial; analysis of policies; editorial structure and style; types of editorials. Intensive practice in writing editorials and interpretative articles

3 sem. hrs.

Spring Semester

A. English

En. 001 English Composition As described in the Fall Semester.

No credit

En. 101 Freshman Composition As described in the Fall Semester.

3 sem. hrs.

En. 102 Freshman Composition As described in the Fall Semester.

3 sem. hrs.

En. 104 Advanced Grammar History of the English language. Normally a continuation of En. 103, but it may be elected, after the freshman requirements have been met, by those who expect to teach in the secondary schools.

3 sem. hrs.

En. 202 A Survey of English Poetry and Prose From the Romantics to the present day. This course is required of all Sophomores.

3 sem. hrs.

En. 335 The Age of Pope The principal writers of the neo-classical age, with special attention given to Pope.

3 sem. hrs.

En. 387 American Novel From Cooper to Cather; the trend of thought; the change in technique; the background of philosophy.

3 sem. hrs.

B. Speech

Ex. 102 Fundamentals of Speech Objectives of speaking; preparation, composition and delivery of speeches; organization and development of ideas; style in the spoken word; the types of public address; oratory, argumentation, debate. Theory and practice are intermingled; practical training in debating. 3 sem. hrs.

Ex. 202 Dramatic interpretation A practical course in the technique of acting; creating a role; mental and emotional phases of the art as well as the development of technical skill; practical application of these principles and skills; stage movement, voice and line reading. Required membership in dramatic group of the University. 3 sem. hrs.

C. Journalism

Jr. 302 News Reporting A continuation of Jr. 301. Emphasis is on developing news judgment and craftsmanship along with skill in the reporting and writing of more complex types of news stories. By lecture and round table discussion, the student is taught how to understand the various types of news events, how to cover them, and how to write the story. 3 sem. hrs.

Jr. 304 News Editing A continuation of Jr. 303 as described in the Fall Semester. 3 sem. hrs.

Jr. 307 Radio News Writing A course in news writing adapted for use on the radio. 3 sem. hrs.

Jr. 341 Press and World Affairs Political, economic, and ethical elements in the world press. Emphasis is placed on the comparison between the press in Europe and the press in the United States, considering pre-World War II conditions as well as changes and developments since World War II. The press as a factor in international affairs. A study of foreign news, the methods by which it is obtained by correspondents in various countries, and the factors affecting news from abroad. 3 sem. hrs.

DEPARTMENT OF HISTORY AND POLITICAL SCIENCE

Rev. Charles C. Chapman, S.J., Ph.D., Chairman

Fall Semester**A. History**

Hs. 101 Survey of World History I The purpose of this course and the following course is to give an introductory view of history as a whole. In this semester, early civilizations are studied in their political, economic, social, and religious aspects, and their contributions to modern civilization evaluated. 3 sem. hrs.

Hs. 201 Survey of United States History I (1492-1861) Discoveries and settlements; French and Indian wars; economic development; independence; the "Articles" and the "Constitution"; era of Jefferson; westward movements; the "American system"; the "reign" of Jackson; causes of the Civil War. 3 sem. hrs.

Hs. 321 Modern Europe I (1500-1689) National monarchies; empires and city-states; commercial revolution; the Protestant revolt; Charles V and Philip II; religious wars in Europe; Catholic reformation; the Stuarts and the Parliament; Age of Louis XIV; British revolutions; European wars. 3 sem. hrs.

B. Political Science

Psc. 305 Public Administration I. The purpose of this course, and others which will be added later, is to prepare men for higher administrative positions. The first half will cover functions and organization of administrative structure, and a study of government action. 3 sem. hrs.

Spring Semester**A. History**

Hs. 102 Survey of World History II In this semester, past movements are coordinated with present civilization by studying the present in the light of the past. Special emphasis is placed throughout on the unity and continuity of history. 3 sem. hrs.

Hs. 202 Survey of United States History II (1861-1945)

Division and reunion; economic and social developments; imperialism; agriculture vs. industry; growth of monopolies and trusts; World War I; the New Deal; American interest in world affairs; World War II. 3 sem. hrs.

Hs. 332 Modern Europe IV (1900-1945) Church-state relations in Europe; Spanish-American War; commercialism and humanity; the Hague Tribunal; colonial and commercial expansion; European entanglements; World War I; postwar problems in Europe; World War II. 3 sem. hrs.

B. Political Science

Psc. 306 Public Administration II Survey of basic problems of personnel, internal management, fiscal management, forms of administrative action, public relations and democratic control. Chief means of dealing with and enforcing administrative policy, and relationship of citizens and public to administrative services. Talks by Federal, State and Local governmental officials. 3 sem. hrs.

DEPARTMENT OF**MODERN FOREIGN LANGUAGES**

J. Henri Amiel, Ph.D., Chairman

Fall Semester**A. French**

Fr. 101 X First Year College This course begins with the essentials of French: pronunciation, grammar, reading. In conjunction with Fr. 102 X, the course advances through graded composition and conversation. Five periods a week. Credit is dependent upon completion of French 102 X.

3 sem. hrs.

Fr. 201 Second Year College A rapid survey of French Literature. Collateral reading and composition. 3 sem. hrs.

Fr. 202 Second Year College A continuation of Fr. 201.

3 sem. hrs.

B. German

Gr. 101 X First Year College This course begins with the essentials of German; pronunciation, grammar, reading. In conjunction with Gr. 102X, the course advances through graded composition and conversation. Five periods a week. Credit is dependent upon completion of German 102 X.

3 sem. hrs.

Gr. 102 X First Year College A continuation of Gr. 101 X.
3 sem. hrs.

Gr. 201 Second Year College A rapid survey of German Literature. Collateral reading and composition. 3 sem. hrs.

Gr. 202 Second Year College A continuation of Gr. 201.
3 sem. hrs.

C. Spanish

Sp. 101 X First Year College This course begins with the essentials of Spanish: pronunciation, grammar, reading. In conjunction with Sp. 102 X, the course advances through graded composition and conversation. Five periods a week. Credit is dependent upon completion of Spanish 102 X.
3 sem. hrs.

Sp. 201 Second Year College A rapid survey of Spanish Literature. Collateral reading and composition. 3 sem. hrs.

Sp. 202 Second Year College A continuation of Sp. 201.
3 sem. hrs.

Sp. 306 Drama From its origin to the end of the Golden Age.
3 sem. hrs.

Spring Semester

A. French

Fr. 101 X First Year College As described in Fall Semester.
3 sem. hrs.

Fr. 102 X First Year College As described in Fall Semester.
3 sem. hrs.

Fr. 202 Second Year College As described in Fall Semester.
3 sem. hrs.

B. German

Gr. 101 X First Year College As described in Fall Semester.
3 sem. hrs.

Gr. 102 X First Year College As described in Fall Semester.
3 sem. hrs.

Gr. 201 Second Year College As described in Fall Semester.
3 sem. hrs.

Gr. 202 Second Year College As described in Fall Semester.
3 sem. hrs.

C. Spanish

- Sp. 101 X First Year College** As described in Fall Semester.
3 sem. hrs.
- Sp. 102 X First Year College** As described in Fall Semester.
3 sem. hrs.
- Sp. 202 Second Year College** As described in Fall Semester.
3 sem. hrs.
- Sp. 335 Poetry** Lyric and epic poetry before the Golden Age, with particular emphasis on the Poema del Cid and the Romancero.
3 sem. hrs.

DEPARTMENT OF PHILOSOPHY

Rev. Martin P. Burke, S.J., Ph.D., Chairman
Fall Semester

- Pl. 201 Dialectics** Definition and division of philosophy; natural and scientific logic; material elements of logic; acts of the mind; nature of these acts, their kinds, properties, and external expression; formal elements of logic; forms of argumentation; fallacies.
2 sem. hrs.
- Pl 202 Epistemology** The study of truth, logical and moral; falsity; the study of the mind in relation to truth; ignorance; doubt; opinion; nature and kinds of certitude; scepticism; agnosticism; materialism; positivism; idealism; rationalism; traditionalism; criteria of truth.
2 sem. hrs.
- Pl. 301 Psychology** Life in general; empirical observation of vital action; the power of self-motion; purposive activity; immanency of action; scholastic concept of life; the three essentially different grades of life; the prime principle of life; the theory of evolution; the nature of the soul; the origin of the soul; the immortality of the soul; union of soul and body.
2 sem. hrs
- Pl. 308 Theodicy** Atheism, agnosticism, deism, theism; the existence of God; the essence of God; the divine attributes; God and the world; the materialistic and pantheistic concept of God.
2 sem. hrs.
- Pl. 311 General Ethics** Definition, nature, object, and necessity of ethics; subjective and objective ultimate end of man, human action; its merit and imputability; norm of morality, true and false. Law, natural and positive.
2 sem. hrs.

Pl. 312 Individual and Social Ethics Man's duty to his Creator; man's duty to himself; man's duty to his neighbor; duties of property; society: domestic, civil, international, religious. 2 sem. hrs.

Pl. 314 History of Philosophy: Ancient Study of pre-Hellenic, Greek, Greco-Roman, and Greco-Oriental philosophy to the Christian era. 2 sem. hrs.

Spring Semester

Pl. 203 Ontology Being, its objective concept; essence; states of being; existence; possibility, internal and external; source of internal possibility; kinds of beings: substance and accident; distinction between nature and person; attributes of being; principle of causality. 2 sem. hrs.

Pl. 204 Cosmology The origin of the world; monism; pantheism; materialism; creation; formation and finality of the world; the constructive properties of bodies; atomism; dynamism; hylomorphism; substantial changes; the laws of nature; miracles; definition, possibility; cognoscibility. 2 sem. hrs.

Pl. 311 General Ethics Definition, nature, object, and necessity of ethics; subjective and objective ultimate end of man; human action; its merit and imputability; norm of morality, true and false. Law, natural and positive. 2 sem. hrs.

Pl. 312 Individual and Social Ethics Man's duty to his Creator; man's duty to himself; man's duty to his neighbor; duties to property; society: domestic, civil, international, religious. 2 sem. hrs.

Pl. 315 History of Philosophy: Scholasticism A study of patristic and scholastic philosophy from the beginning of the Christian era to A. D. 1450. 2 sem. hrs.

DEPARTMENT OF PHYSICS AND MATHEMATICS

Rev. Karl A. Maring, S.J., Ph.D., Chairman

Fall Semester

A. Physics

Ph. 201 General Physics The principles of mechanics, heat, sound, light, magnetism, electricity, and fundamentals of atomic physics constitute this course. Three lectures each week. Prerequisite: Mt. 101 and 105. 3 sem. hrs.

Ph. 202 General Physics Laboratory course. About fifty graded experiments in mechanics, heat, sound, light, magnetism, and electricity. 1 sem. hr.

Ph. 211 General Physics An intensive course in general physics. It is intended for students whose major fields of concentration are chemistry, mathematics, or physics, as well as for pre-engineering students. The objective of this course is a thorough grounding based on rigorous mathematical treatment in the fundamentals of mechanics, wave motion, sound, heat, light, magnetism, electricity, and molecular physics. Minimum prerequisite: Mt. 107, 108. 4 sem. hrs.

Ph. 212 General Physics A companion laboratory course of about fifty selected experiments to Ph. 211. One laboratory period each week. 1 sem. hr.

Ph. 301 Electricity and Magnetism A lecture course giving an extended and mathematical treatment of the theory and practical applications. Three lectures per week. Prerequisites: Ph. 211-14, Mt. 301-302. 3 sem. hrs.

Ph. 302 Electrical Measurements Laboratory work in electricity and magnetism. Coordinated with Ph. 301-303 and having the same prerequisites. Two laboratory periods. 2 sem. hrs.

Ph. 307 Analytical Mechanics The elementary theory of the statics, kinetics, and dynamics of particles and rigid bodies. Three lecture periods. Prerequisites: Same as for Ph. 301-303. 3 sem. hrs.

Ph. 331 Modern Physics The origin and development of some of the more important concepts of Physics with special emphasis on the theories and developments of the last half century. Prerequisites: Same as for Ph. 301. 3 sem. hrs.

Ph. 335 Electronics and Radio Physics The electron and its properties; thermionic and photo-electric emission; radio transmission and receiving circuits and apparatus. Prerequisite: Ph. 301-303, Mt. 310. Three lecture periods. 3 sem. hrs.

Ph. 336 Practical Electronics and Radio Physics A laboratory course designed to accompany and illustrate Ph. 335-336. Two laboratory periods each week. 2 sem. hrs.

B. Mathematics

Mt. 101 College Algebra Fundamental algebraic operations: addition, subtraction, multiplication, division, factoring, equations; theory of equations. This course fulfills the algebra requirement for all students except those who elect their field of concentration in mathematics or chemistry or physics.
3 sem. hrs.

Mt. 105 Plane Trigonometry Trigonometric functions of acute angles; use of the table of natural functions; the right triangle; trigonometric functions of any angle; functions of the sum or the difference of two angles; the oblique triangle; graphs of functions; trigonometric identities and equations; applications of trigonometry to algebra.
3 sem. hrs.

Mt. 107 Freshman Mathematics This course is to be a combination of Algebra, Trigonometry and Analytic Geometry based on Brinks: "First year college Mathematics." Five hours per week.
5 sem. hrs.

Mt. 301 Differential Calculus Functions; limits; derivatives; successive derivatives; maxima and minima; roots; differentials; curvature; theorem of mean value; indeterminate forms. Prerequisite: Mt. 107-8.
3 sem. hrs.

Mt. 310 Differential Equations Equations of the first order and first degree; equations of the first order but of higher degree; linear equations of a higher order with constant coefficients; total differential equations; simultaneous equations; homogeneous linear equations; equations of higher order and higher degree; integration in series. Prerequisite: Mt. 302.
3 sem. hrs.

Mt. 316 Vector Analysis Addition, multiplication, differentiation, and integration of vector quantities. Prerequisite: Mt. 302.
3 sem. hrs.

Mt. 322 Higher Applied Mathematics A course in the solutions of physical problems employing the methods of differential equations, Fourier series and Bessel functions and based on the texts of Sokolnikoff and Karman-Biot.
3 sem. hrs.

Spring Semester**A. Physics**

- Ph. 203 General Physics** Second half of course as described under Ph. 201 in the Fall Semester. 3 sem. hrs.
- Ph. 204 General Physics** Second half of course as described under Ph. 202 in the Fall Semester. 1 sem. hrs.
- Ph. 213 General Physics** Continuation of Ph. 211 as described in Fall Semester. 4 sem. hrs.
- Ph. 214 General Physics** Continuation of Ph. 212 as described in Fall Semester. 1 sem. hr.
- Ph. 303 Electricity and Magnetism** Continuation of Ph. 301 as described in Fall Semester. 3 sem. hrs.
- Ph. 304 Electrical Measurements** Continuation of Ph. 302 as described in Fall Semester. 2 sem. hrs.
- Ph. 309 Analytical Mechanics** Continuation of Ph. 307 as described in the Fall Semester. 3 sem. hrs.
- Ph. 333 Modern Physics** Continuation of Ph. 331 as described in the Fall Semester. 3 sem. hrs.
- Ph. 337 Electronics and Radio Physics** Continuation of Ph. 335 as described in the Fall Semester. 3 sem. hrs.
- Ph. 338 Practical Electronics and Radio Physics** Continuation of Ph. 336 as described in the Fall Semester. 2 sem. hrs.

B. Mathematics

- Mt. 101 College Algebra** As described in the Fall Semester. 3 sem. hrs.
- Mt. 105 Plane Trigonometry** As described in the Fall Semester. 3 sem. hrs.
- Mt. 107 Freshman Mathematics** As described in the Fall Semester. 5 sem. hrs.
- Mt. 108 Freshman Mathematics** Continuation of Mt. 107. 5 sem hrs.
- Mt. 302 Integral Calculus** Integration by all methods; evaluation of the constant of integration; the definite integral; the fundamental theorem of integral calculus; series; multiple integrals. Prerequisite: Mt. 203. 3 sem. hrs.
- Mt. 323 Higher Applied Mathematics** Continuation of Mt. 322 as described in the Fall Semester. 3 sem. hrs.

DEPARTMENT OF SOCIOLOGY AND SOCIAL WORK

Arthur T. Donohue, Ph.D., Chairman

Fall Semester**A. Sociology**

Sl. 101 Elements of Normal Sociology Delimitation of scope; orientation with other sciences; postulates in normal sociology; biological inheritance, origin of man, culture and civilization; tendencies, social, asocial, and antisocial; foundations of social action; brief outline of social theory; uses and advantages of statistical language. 3 sem. hrs.

Sl. 205 Social Disorders—Economic Working conditions and wages; workers' risks; labor and labor unions; industrial cooperation and friction; housing; rural problems. 3 sem. hrs.

Sl. 303 The Family Factors of family integration; the causes of family disintegration; the industrial revolution and its effects on family life; divorce, birth control, factors of family reintegration. This course will be allowed for credit in the Department of Religion. 3 sem. hrs.

***Sl. 401 Urban Sociology** A scientific study of the modern city; historical treatment of the growth and decline of cities; the cause of urban growth; urban population structure and trends; urban social ecology; urban life and personality; urban social organization. 3 sem. hrs.

***Sl. 407 Social Aspects of Industry** A comprehensive study of social problems arising from industrial conditions; the causes of unemployment; industrial disorganization; growth of unionism; social unrest; poverty and relief; solution of the problem. 3 sem. hrs.

B. Social Work

***Sw. 400 Principles of Social Work** A course dealing with the general principles and basic processes of social work; Catholic interpretation of social life; and understanding of underlying principles and methods will be stressed. 2 sem. hrs.

***Sw. 401 Social Case Work I** An introductory treatment of the philosophy and methods of modern case work. Class work is based on the analysis of a series of family case records. It includes investigation and diagnosis of modern social ills. 3 sem. hrs.

*Credit obtained may be applied to either undergraduate or graduate degree.

***Sw. 426 Field Work I** An elementary course of field work. The student receives instruction in social case work through supervised practice in family case work, child welfare case work and other agencies. Minimum time requirement: 15 hours per week. 5 sem. hrs.

Spring Semester

A. Sociology

Sl. 102 Social Institutions As described in Fall Semester. 3 sem. hrs.

Sl. 206 Social Disorders—Dependency and Delinquency Poverty, dependency and relief; formal and informal charity; treatment of defectives; eugenics and population problems; problems of family life; crime and delinquency. 3 sem. hrs.

Sl. 306 Christian Social Reforms This is a study of the Christian attitude toward modern social questions. The Papal encyclicals of Leo XIII and Pius XI are stressed. This course will be allowed for credit in the Department of Religion. 3 sem. hrs.

***Sl. 408 Social Legislation** The development of social status for the protection of the worker; minimum wage laws; shorter working days; compulsory education; sweatshop; mediation; compulsory investigation and arbitration; recent social laws. 3 sem. hrs.

***Sl. 419 Crime** A scientific approach to the problem of crime, the criminal, punishment, reform and prevention; the nature of criminal behavior; criminal behavior patterns; characteristics of criminals; development of criminal careers; casual factors; police systems; the court system and criminal law; nature and trends of punishments; probation and parole; treatment; reformation; prevention. 3 sem. hrs.

B. Social Work

***Sw. 402 Social Case Work II** A continuation of Social Case Work I. Emphasis will be placed on processes and techniques of social case work; the evaluation of selected case materials dealing with problems of the family. The place of the Catholic social case work agency in the community. (Prerequisite: Sw. 401). 3 sem. hrs.

*Credit obtained may be applied to either undergraduate or graduate degree.

***Sw. 411 Public Welfare Administration** A study of the history, organization and functions of local, state and federal governments and their contributions to the dependent and delinquent individuals and groups in society; the respective roles of private, public, and governmental agencies in the Public Welfare Program. 2 sem. hrs.

***Sw. 427 Field Work II** A continuation of Social Work course 426 in family and child welfare case studies. Minimum time requirement: 15 hours per week.

DEPARTMENT OF THEOLOGY

Rev. Samuel H. Ray, S.J., A.M., S.T.D., Chairman

Fall Semester

Th. 101 A Survey of Catholic Doctrine and Practice This course is offered every year for students who have had no religion courses in high school. It embraces the fundamental concepts every Catholic student should know concerning the Creed, the Sacraments, and the Ten Commandments. 2 sem. hrs.

Th. 103 Moral Guidance A study of the principal laws which God has given to man to guide him in his moral conduct. 2 sem. hrs.

Th. 105 Apologetics Revelation, the historicity of the Gospels; the Divinity of Christ; the Church of Christ; the Primacy of Peter; infallibility; the marks of the Church. 2 sem. hrs.

Th. 202 Channels of Redemption A detailed study of the Sacraments: The nature, Author, and minister of the Sacraments. Baptism, Confirmation, Holy Eucharist, Penance, Extreme Unction, Matrimony and Holy Orders. 2 sem. hrs.

Th. 306 Christian Marriage Notions on morality; the Church's part in determining morality; the power of the state and Church over marriage; prenuptial requirements; premarital chastity; general preparation for marriage; rights and duties of married people; birth control; divorce. 2 sem. hrs.

*Credit obtained may be applied to either undergraduate or graduate degree.

Spring Semester

Th. 104 Moral Guidance A continuation of Th. 303 as described in the Fall Semester. 2 sem. hrs.

Th. 201 Catholic Dogma: The Creed The chief articles of the Christian revelation are embodied in the Apostles' Creed: God, the Author and Restorer of our Salvation; God, Unity of Nature, Trinity of Persons; The Fall of Man; Christ the Redeemer; The Four Last Things. 2 sem. hrs.

Th. 302 Sacred Scripture The Bible in general; inspiration; canon of the Bible; rules of interpretation; exegesis of selected parts of the New Testament; the Life of Christ. 2 sem. hrs.

Th. 305 Christian Marriage First part of course as described under Th. 306 in Fall Semester. 2 sem. hrs.

FORM OF GENERAL BEQUEST

I hereby give and bequeath to Loyola University, New Orleans, Louisiana, for the use of said institution in fulfillment of its general corporate purpose.....

(State here the sum of money desired to be given, or, if it be the residue of an estate, state this fact.)

FORM OF BEQUEST FOR A PARTICULAR PURPOSE

I hereby give and bequeath to Loyola University, New Orleans, Louisiana for the following purpose.....

(State clearly the special object of the bequest, as well as the sum of money or property, real or personal, constituting the same.)
